

MEXICANS WOULD RE-OPEN NEGOTIATIONS

Members of Huerta's Official Family Would Negotiate Further With the United States

WOULD CONFER WITH LIND

Senor Aldape Asks If Mr. Lind Could Return to Mexico City or If a Representative Could Confer at Vera Cruz

MATTER UP TO PRESIDENT WILSON

MEXICO CITY, Nov. 13.—Members of President Huerta's official family are working diligently for the re-opening of the negotiations and claim to have the consent of General Huerta to make concessions which they believe will be satisfactory to the United States. The Mexican minister of the interior Manuel Garza Aldape, saw Nelson O'Shaughnessy, the American charge d'affaires, late today and applied to him to do all in his power to induce his government to withhold action until the Mexican officials could communicate with Mr. Lind, now at Vera Cruz. He based his appeal on the allegation that they were unable yesterday to get into touch with General Huerta in order to present to him Mr. Lind's communication. The American charge could give the minister little assurance. Senor Aldape asked if Mr. Lind could be persuaded to return to the capital or, failing, if a representative of the government might not go to Vera Cruz and confer with Mr. Lind.

Will Present Case to Wilson. Mr. O'Shaughnessy expressed the opinion that either course would be useless. In the end they agreed to present the case to President Wilson, embodying the representations of President Huerta's counselors together with an appeal for postponement of action directed at lifting the embargo of arms and ammunition, or such other action as has been decided upon.

It is believed that General Huerta, through his counselors, proposes to present a plan something in the nature of a substitute. He is said to be reconciled to the idea of resigning from the presidency, but wants to submit his resignation to the new congress, the body which President Wilson, through Mr. Lind, has declared must not convene. Huerta's friends and those in his cabinet who are attempting to induce him to yield have been informed that there are certain measures congress might adopt to which the United States would be unalterably opposed and that if any plan devised by them involves the convening of congress, it would be to sign papers in which should be set forth exactly what measures this new law making body expects to pass upon, and to see to it that such measures as are regarded by Washington as objectionable are excluded.

Will Not Accept Mediation. Nogales, Sonora, Mex., Nov. 13.—Interest was focused upon official Washington by the actors in the exchanges between President Wilson and General Carranza. It was considered probable that the next step would come either in the form of an announcement from the American national capital or the resumption of negotiations between Huerta and the constitutionalist chief.

Carranza, the officers of his staff and the members of his provisional cabinet went about their routine of business today. Mr. Hale divided his time between his hotel on the American side and the American consulate. General Carranza referred to the Mexican situation only once today.

"I will not enter into transactions with the Huerta government, directly or indirectly," he said; "nor will I accept the mediation of anybody."

The military leaders here were cheered tonight by what they considered significant news from the south. General Pablo Gonzales, constitutionalist commander in the states of Nuevo Leon and Tamaulipas reported his troops had taken twenty one towns, routed the federalists in two decisive battles and captured two military trains with large supplies of munitions.

Wilson Feels More Confident. Washington, Nov. 13.—United support from the powers abroad for the American policy toward Mexico shown in a variety of quiet diplomatic activities, gave President Wilson, and Secretary Bryan a confident feeling today that the elimination of General Huerta as provisional president of Mexico would soon be an accomplished fact.

That the financial blockade instituted by the United States had effectively tied the purse strings of Europe; that diplomatic pressure was being exerted on all sides at Mexico City that close friends of Huerta were applying their influence; and persistent reports saying Huerta had gone into mysterious seclusion, raised the hopes of the Washington government that at last it was making definite progress toward solving the Mexican problem.

Withholds Statement. President Wilson had prepared early in the day a statement of the situation, reciting what had been attempted in the communications presented by Charge O'Shaughnessy and John Lind but within a few hours

STRIKE TIES UP S. P. SUNSET LINES

2500 RAILROAD MEN FROM EL PASO TO NEW ORLEANS ARE AFFECTED

Walkout of Engineers, Firemen, Trainmen and Conductors Threatens Most Serious Tie-up of Traffic the Southwest Has Known For Years.

HOUSTON, Texas, Nov. 13.—Four unions of operating employees, acting in concert, inaugurated a strike on the Atlantic system of the Southern Pacific railroad known as the Sunset Lines at 7:30 tonight the time set in their ultimatum to the road. Approximately 2,500 men, engineers, conductors, firemen and trainmen from El Paso to New Orleans are affected.

The walkout comes after more than six months, of futile negotiations which sought amicable settlement of difficulties between the company and the men.

An eleventh hour appeal to the federal board of mediation and conciliation by the railroad failed to stop the walkout. With engineers, firemen, conductors and trainmen idle from El Paso to New Orleans the southwest tonight faces a possibility of one of the most serious tie-ups of traffic in years.

The men claim they were unable to secure a satisfactory settlement of a list of 57 grievances, through their respective organizations and when they combined their railroad officials refused to meet their joint committee. The referendum strike vote was taken and it proved overwhelmingly affirmative.

Think Strike Should End. Denver, Colo., Nov. 13.—After an all day session during which both sides of the coal mine strike were presented to the editors of practically all the larger newspapers in Colorado the newspapermen tonight adopted a resolution declaring that the present strike should be called off immediately and that the union should give up its demand of recognition by the operators that the union should abandon its claim for higher wages and that the operators should guarantee miners the unprejudiced right to join the union, trade at any store, have their own check weighman, limit their labor to eight hours a day and to the enforcement of all laws relating to the coal mine industry in this state.

Governor Ammons is commended for sending troops to the strike zone.

Concerned Over Situation. Calumet, Mich., Nov. 13.—Authorities are concerned over the situation in the Keweenaw district in the copper strike zone, where a large number of workmen are about to be imported for the Mohawk, Wolverine, Ampek and other districts. Miners' pockets are watching incoming trains day and night and the outlook is regarded as disquieting. It was learned today that the mounted artillery on duty at Ampek have been supplied with rifles. Heretofore the men have been armed only with pistols and riot sticks. Jacob Sordick, a workman employed at Osceola mine was set upon and severely beaten by three men as he was returning from the funeral of his child today. Two arrests have been made.

A shot was fired at a train bringing imported men to the copper range mines but no one was hurt.

GRAND JURY INVESTIGATES AFFAIRS OF QUAKER OATS CO.

Move is Sequel to Government's Civil Suit For Dissolution of So-called Breakfast Food Trust. Chicago, Nov. 13.—The federal grand jury today began an investigation of the affairs of the Quaker Oats company. It was said in the district attorney's office, this was a sequel to the government's civil suit for the dissolution of the so-called breakfast food trust which was filed last June. In this suit the government charged that the Quaker Oats company after absorbing the Great Western Cereal company controlled ninety per cent of the oatmeal and by-product trade of the country. The company operates large plants at Decatur, Ill., and Fort Dodge, Ia.

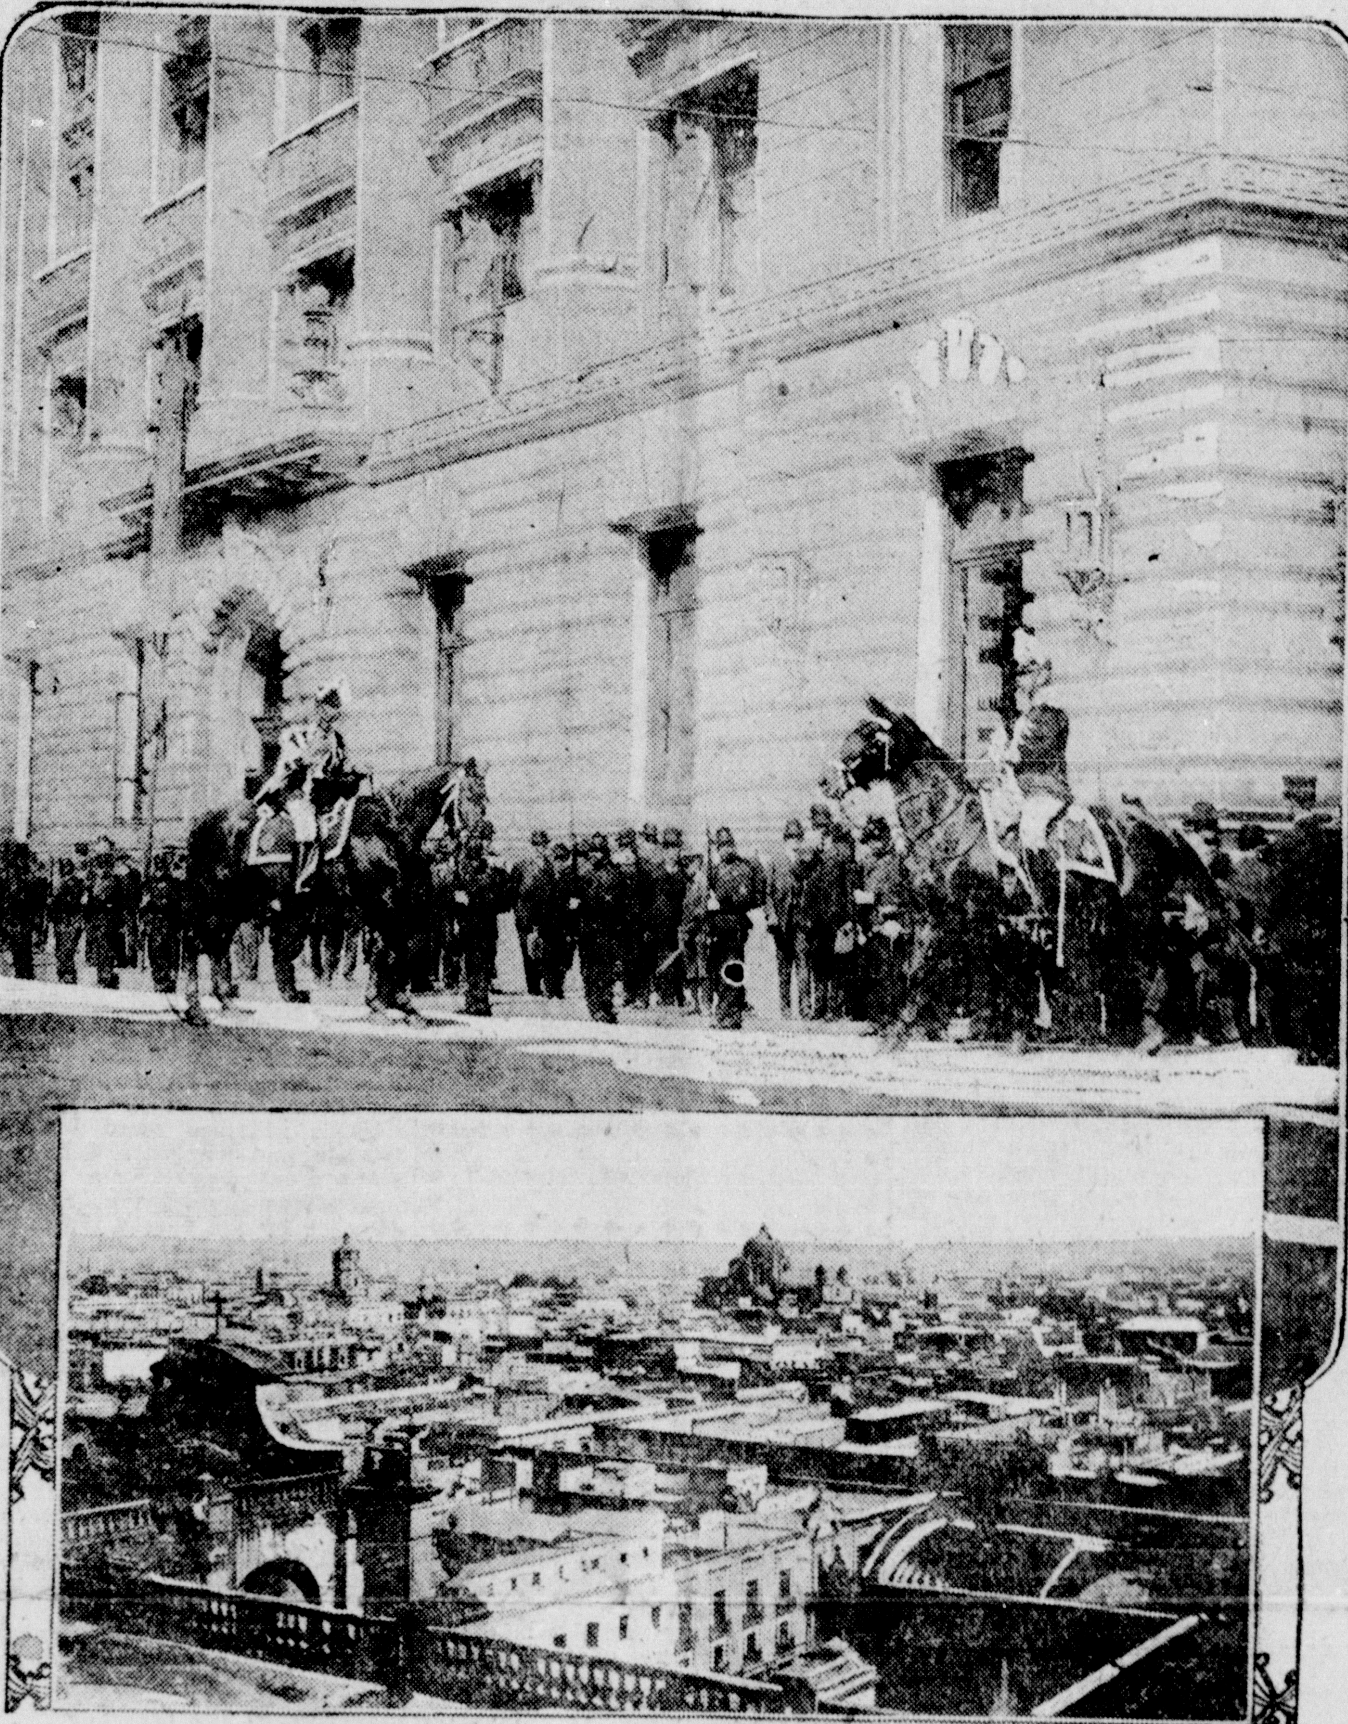

MILLMAN ELECTED COLONEL. Bloomington, Nov. 13.—Frank C. Millman of Urbana, chief of staff of Brigadier General John P. Barton, of the uniform rank, Knights of Pythias, was elected colonel of the Fourth Regiment tonight at an election held here.

such favorable advices were received as to cause the president to withhold the document from publication. He stuck it away in a drawer with many another of international affairs which it has been found unnecessary to make public.

"There are elements in this case," the president said, "which I cannot at present discuss, but which make it look to me very much more favorable."

He asked about the word "favorable" he explained that he meant "favorable to a settlement." He gave details to show on what his optimism was based but he made it clear that a primary condition of settlement was the ousting of Huerta and all those who stood for the kind of government he was conducting. It was evident that the president had received important dispatches but he declined to say whether they were from Mexico City or Nogales, the constitutionalist headquarters.

Eyes of Whole World on Mexico City, Where Huerta's Iron Hand Rule is Opposed by the United States.

Photos by American Press Association.

Victoriano Huerta, the provisional president of Mexico, whose rule President Wilson refuses to recognize, holds sway over Mexico City, the national capital, with an iron hand. His soldiers constantly patrol the principal streets and guard the palace carefully, as is seen in one of these pictures. A general view of Mexico City is also shown. The eyes of the whole world are on this city as the Mexican situation grows more critical.

ONLY TWO WITNESSES TESTIFY AT PONTIAC

GUARDS TESTIFY TO DR. MARSHALL'S CRUELTY TOWARD INMATES

P. H. Spaulding Reports Dr. Marshall To Judge Russell, But Is Told He Is "Too Sensitive"—Dan Kilcomas Swears Dr. Marshall Had Hobby of Beating All Boys Who Came To Him.

PONTIAC, Ill., Nov. 13.—Only two witnesses were ready to testify when the civil service hearing on charges against Dr. James A. Marshall, former physician at the Illinois State Reformatory, was resumed today. Twenty-four boys who were questioned by members of the committee yesterday were brought into the room but they were not examined.

Philip H. Spaulding, a guard, testified that he had reported several cases of ill-treatment by Dr. Marshall to Judge Russell, former general superintendent of the institution who replied: "You are too sensitive for an institution of this kind."

Daniel Kilcomas, who acted as nurse in the reformatory hospital for fourteen months testified that Dr. Marshall had a hobby for beating all boys who came to him. Thomas F. Burke, a former inmate, who said he was a member of the Webb auto bandit gang of Chicago, testified that Dr. Marshall never ill-treated him. He said that he had stolen more than 2,000 automobiles during his four years association with Webb.

The commission will adjourn tomorrow noon until Tuesday.

"A trusty" by the name of Reynolds escaped from the reformatory lawn late today but was caught after a chase lasting an hour. Two other inmates attempted to escape but were unsuccessful.

PHONOGRAPH TO INSTRUCT JURY.

Los Angeles, Calif., Nov. 13.—Instructions from Judge to jury by phonograph is planned by Superior Judge Curtis D. Wilbur for the county courts. It is asserted phonographs would avoid the confusion now caused when juries return to the court room to ask for a repetition of the judge's instructions. When the instructions are first given to the jury a concealed machine will record the speech.

DIRECT BUYING MAY REDUCE LIVING COST

DEPARTMENT OF AGRICULTURE EXPERIMENT TRYING TO REDUCE LIVING COST

C. J. Brand in Address Before Association of American Colleges Tells of Experiments With Parcel Post Containers For Eggs, Butter, etc., as Means of Bettering Market Conditions.

WASHINGTON, Nov. 13.—In speaking today before the Association of American Colleges and Experiment Stations in session here Charles J. Brand, in charge of the office of markets of the department of agriculture, told what his branch is doing in trying to reduce the cost of living. He said his force had been experimenting with parcel post containers for eggs, butter and some vegetables and that the postoffice department probably would be asked to amend its regulations so as to further this direct method of buying.

The chief problems related to improved transportation as a means of bettering market conditions, Mr. Brand said did not involve cheaper rates. He added that there was no doubt that the railroads would cooperate with the farm product shippers if they tried to secure more systematic and more regular arrangements for shipping their merchandise to consuming points.

Dr. Thomas N. Carver, head of the rural organization service, said that contrary though it may seem, farmers are leaving the country for town and city most rapidly in those sections where farming pays best. They can afford to leave, he said, and will continue to do so, unless social life compared with that of the city is given them.

BOAT IS POSTPONED.

Los Angeles, Calif., Nov. 13.—The bantam weight bout between Eddie Campi of San Francisco and "Kid" Williams of Baltimore set for December 13, was postponed today. Williams telegraphed he could not box there on that date because of eastern engagements.

SIGN TREATY OF PEACE.

Athens, Nov. 13.—A treaty of peace between Greece and Turkey was signed tonight. The peace delegates reached an agreement Tuesday practically on all points under negotiation and initiated the draft.

RADIUM BELIEVED CURE FOR CANCER

SCARCITY OF RADIUM PREVENTS THOROUGH TEST BEING MADE

Committee of Surgeons Organized to Combat Cancer by Spreading Information Leading to an Early Treatment of the Disease Makes Report.

CHICAGO, Nov. 13.—Scarcity of radium has prevented a thorough test of what its curative properties may be in cancer, according to the report made to the clinical congress of surgeons in session here by the cancer campaign committee. The committee organized to combat cancer by spreading information leading to an early treatment of the disease as soon as it manifests itself, reported on the educational campaign of the last year carried on by the American society for the control of cancer.

"Only time will tell what percentage of cases can be cured with radium," the report states. "In the meantime the public should be informed through every possible source that early surgical treatment offers the best chance for cure. The surgeons who have reported the best results from radium still urge early operation whenever possible."

Few surgeons in this country have enough radium to give it a thorough trial. It has appeared that extensive doses have sometimes cured when smaller amounts have little effect. It is suggested that radium should be standardized to eliminate variations in its strength.

GOOD ROADS AND GOOD SENSE GO HAND IN HAND

Member of Missouri Board of Agriculture Addresses Good Roads Association.

St. Louis, Nov. 13.—Though most of its officers and many of the delegates have departed the United States Good Roads association today voted to continue the sessions of its annual convention through Saturday as originally scheduled. This was farmers' day and the principal address was made by Thomas C. Wilson of the Missouri State Board of Agriculture.

NATIONAL CONVENTION CLOSES AT COLUMBUS

ANTI SALOON LEAGUE (OF AMERICA) FAVOR NATION-WIDE PROHIBITION

Convention Makes Veiled Attack on Secretary of State Bryan For His Part in the Recent Senatorial Campaign in Maryland—Baker Elected National Superintendent.

COLUMBUS, O., Nov. 13.—The fifteenth national convention of the Anti-saloon League of America went on record today as favoring nationwide prohibition of the liquor traffic through several agencies.

The resolutions adopted call for a federal constitutional amendment opposing the system of licensing or taking revenue from the liquor business, urges states to pass anti-liquor shipping laws and makes a veiled attack on Secretary of State Bryan for his part in the recent senatorial campaign in Maryland. The convention adjourned tonight. National officers were elected today and re-organization of the league to make state associations work in greater harmony with the national organization was effected. The veiled attack on Secretary Bryan came when the convention adopted a resolution stating that federal officers interfering in state politics should consider themselves the moral guardians and political sponsors of the men elected to office through their influence and should hold themselves responsible for the conduct of these men while in office.

Conference Continues Today. Although the convention is over, the temperance conference will continue through tomorrow. Delegates will join in inaugurating a program for securing the prohibition amendment in accordance with the sentiment expressed in resolutions adopted today. A delegation of 1,000 or more will be named to travel to Washington and present a petition for a prohibition amendment to congress to President Wilson.

Rev. Dr. Purley A. Baker was re-elected national superintendent of the Anti-saloon League for two years and almost at the same hour that he was chosen by the national board of trustees, a suit asking for \$50,000 damages for criminal libel was filed in Franklin county courts against Rev. U. G. Robinson of St. Louis, former state superintendent of the Anti-Saloon League in Missouri, by W. B. Johnson of Westerville, O., editor of the new Republican anti-saloon league publication. Rev. Robinson is alleged to have criticized the policies of the league and attacked the personal character of its officials.

Bishop Luther B. Wilson of New York was re-elected national president of the league by the board of trustees today. S. E. Nicholson of Richmond, Ind., was elected secretary and Foster Copeland of Columbus, treasurer. Under the new constitution they will take office in June.

POPE WILL RECEIVE LARGE NUMBER OF SAILORS TODAY

Several Hundred Other Bluejackets Will Be Received By the Pontiff Tomorrow.

Rome, Nov. 13.—A large number of the American soldiers are now here and will be received by the pope tomorrow. It is expected that several hundred will be received by the pope Saturday.

A dinner will be given tomorrow evening by the American ambassador, Thomas Nelson Page, in honor of Rear-admiral Badger and the commanders of the battleships.

Pay Visit To Pompeii.

Naples, Nov. 13.—Three hundred bluejackets of the American battleships now in these waters paid a visit to Pompeii today. Officers went on an excursion to Sorrento and Capri and were everywhere met with enthusiasm. The American officers gave a tea this afternoon to the Italian naval officers. Rear-admiral Badger visited Mount Vesuvius.

See Sights In Venice.

Venice, Italy, Nov. 13.—Forty sailors and stewards attached to the United States battleship arrived here today and spent the time in sightseeing. They will leave tomorrow for Florence.

FOR BANK AT NEW SALEM.

Springfield, Ill., Nov. 13.—State Auditor James J. Brady today issued a permit to L. Griggs, W. T. Crump, S. K. Strother, L. S. Moore and V. A. Dillon for the organization of the State Bank of New Salem, Pike county, with a capital stock of \$25,000.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, Nov. 13.—For Illinois: Unsettled Friday and probably Saturday with occasional rains, colder Friday; moderate variable winds mostly north and northeast over north portions.

Temperatures.

Chicago, Nov. 13.—The current, maximum and minimum temperatures for today were:

Current, High, Low.	
Boston	54 58 40
Buffalo	48 48 44
New York	54 56 40
New Orleans	62 74 54
Chicago	50 56 46
Detroit	54 58 42
Omaha	42 46 43
St. Paul	38 42 32
Sioux Falls	32 40 28
San Francisco	58 58 52
Winnipeg	16 26 22

PREPARE SEPARATE CURRENCY BILLS

Two Branches of Currency Committee Will Present Separate Bills to the Senate

JOINT MEETING TOMORROW

Two Camps May Hold Joint Meeting in an Attempt to Outline Course of Action—Democrats Near Completion of Task

SPEND MUCH TIME ON AMENDMENTS

WASHINGTON, Nov. 13.—The two wings of the senate banking and currency committee today worked steadily preparing separate currency bills to be presented to the senate. Senator Owen and the six Democratic members of the committee who have supported the administration struggled to reconcile their differences and agree on the bill which the president wants and Senator Hitchcock and the five Republican committee began perfecting a measure based on the amendments which the committee had already adopted but which were obnoxious to the president. Both branches spent considerable time on detailed amendments and corrections of phraseology. When the committee met this morning the administration Democrats went to Senator Hollis' office, leaving Senator Hitchcock and the Republicans in possession of the committee room. A joint meeting of the two camps probably will be held on Saturday and an attempt will be made to outline a course of action. The suggestion that both wings sign a unanimous report on the undisputed portions of the bill and submit disagreeing reports on the fundamentals may be adopted. Senator Brewster said tonight that Republicans and Senator Hitchcock had a week or ten days of work before them but the Democrats expressed the hope that they could conclude their task early next week.

The Democrats struck a snag in the form of the question of control of the regional reserve banks which will administer the new system, one of the points which divided the committee. The administration is contending that the banks of the country should own and control the regional banks and the Democrats have tentatively agreed to give the banks the opportunity to purchase the stock. When the question of allowing the banks to name six of the nine directors of each regional bank arose today, however, Senator Reed would not agree to the provisions of the bill, urging that the government should control the banks. The section and related matters were passed over until later.

The amendments which Senator Hitchcock and the Republicans spent the day writing into the bill include provisions for underwriting the stock of the regional banks by the national banks, but allowing the public to subscribe for the stock; provision for the election four directors by the banks and five by the government in each regional bank directorate; the creation of four regional banks with a capital equal to six per cent of the capital of the national banks in the district served by the regional bank and several minor changes.

EPIDEMIC OF MEASLES.

Seattle, Wash., Nov. 13.—The revenue cutter Tahoma sailed for Kodiak Island today with medical and other supplies for the villages where Indians have been stricken by measles. Two hundred and fifty cases and thirteen deaths have been reported and the governor of Alaska has appealed to the federal government for assistance.

OFFICER TAKES OWN LIFE.

Rome, Nov. 13.—Colonel Boulgarin, the Russian military attaché at Rome, committed suicide today. He had been suffering from a serious illness.

THURSDAY IN CONGRESS.

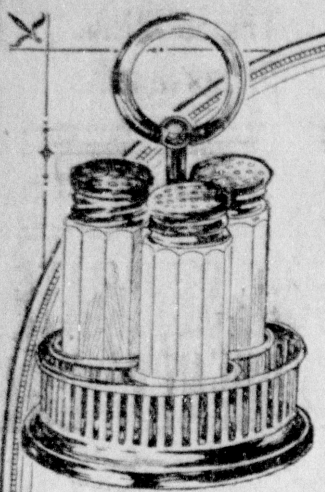

Senate.

Met at noon. Banking committee divided into two sections to work on the administration currency bill. Senator Pittman's bill to relieve miners on the Seward Peninsula from performing certain work on their claims, because of their destitution by recent floods and fires, was passed. Senator Chamberlain introduced a bill to advance one grade all army, navy and public health service officers working more than six years on the Panama canal.

Adjourned at 1:21 p. m. until noon Monday.

House.

Met at noon. Representative Hensley of Missouri made a speech in favor of a naval holiday for the United States. Speaker Clark presented a W. C. T. U. protest against the reprinting of orations delivered at the funeral of Adolphus Busch, in the congressional record. Adjourned at 1:41 p. m. to noon Friday.

Tableware That You Will Always be Proud of

When you purchase sterling silver tableware you are investing in a ware that will last through your entire lifetime—
And then it will be given to your children and in turn to your children's children.
Each year as the silver grows in age it will increase in value for about it will be assembled the lore of your family.
It isn't necessary to buy the entire set at once. Just select a few pieces now, choosing a pattern that you can match at a later date and then you can add to it from time to time as you wish.
You will find a magnificent assortment of patterns from which to choose in our solid silver department and you will have no trouble in matching any of them at a later date.

SHERIFF PICKS UP WANDERER.

Strange Man is Found at Residence of Charles Anderson, Northeast of City—Thought to be Brother of Solomon Cowan.

Late Thursday afternoon Charles Anderson, who resides two and one-half miles northeast of the city, saw a negro wandering about in his yard and after giving the man something to eat notified Sheriff Rodgers about the matter.

Deputies Andrews, Todd and Kettering went to the Anderson residence and brought the man to the county jail where he was kept last night. The man gave his name as Commodore Cowan but did not seem to know very much more than that about himself. He is 5 feet 9 inches tall, has a heavy black mustache, wore a dark suit, is rather slender and is about 38 years of age. It is believed that the man is a brother of Solomon Cowan of 502 West Marion street and came to this city recently from Minneapolis, Minn.

Garland & Co. are showing some exceptional values in \$15 suits and overcoats. Others from \$10 to \$35.

RUSSIAN WRESTLER ARRIVES.

New York, Nov. 13.—Ivan Mamut-off of St. Petersburg, a Russian soldier, one of the Czar's body guard, and an expert wrestler arrived here today on the Steamship Ryndam, having secured a special leave of absence of six months for a tour of the United States and Canada, during which he hopes to meet world's champion, Frank Gotch. Mamut-off is 31 years old, 6 feet 4 inches in height and weighs 254 pounds.

Sweaters in all styles and colors priced from 50c to \$7.50 at Garland & Co's.

OLDER BOYS AT "Y"

FOUR BASKETBALL CLUBS
The Packards, the Hudsons, the Whites and the Overlands are the names, respectively, of four basketball clubs, recently formed among the older boys of the Y. M. C. A. who are now beginning a three month contest for attendance, membership and skill in the game. Each club will receive a credit of five points when its team wins a game, one point for each member present and ten points per new member. Early in February the winners will be banqueted by the three losing clubs. The boys will meet in the gym each Tuesday and Saturday evening. At present the Overland and Hudsons are in the lead with nine points apiece.

The captains of the clubs are: Packards, Harold Dunlap; Whites, Egbert Hunt; Hudsons, William Hudson and Overland, Harold Ferguson.

Largest assortment of bags, suitcases and trunks in the city at Garland & Co's.

COINS SHOULD BE DEPOSITED IN COIN-HOLDING RECEPTACLES

New Ruling Will Facilitate Matters for Rural Mail Carriers. Recent Law for Window Envelopes.

The latest official announcement of Fourth Assistant Postmaster General Blaklee is welcome news to every rural carrier in the land. It concerns and relieves one of the most irritating features of the carriers' labors as postal employees, and for all time, it is designed to put an end to yearly resolutions on the subject.

Following a conference with Superintendent of Mails Wood on Wednesday morning, November 5, Mr. Blaklee signed the following:

"Postmasters at rural delivery offices and rural carriers are directed to bring attention of patrons that it is the desire of the department that all first-class mail matter deposited in rural mail boxes shall be stamped before being so deposited.

"When it is not practicable, coins left in such boxes for the purchase of stamps should be deposited in coin-holding receptacles and not inclosed in envelopes, wrapped in paper, or left loose in boxes."

Law for Window Envelopes.

So called "window" envelopes having an opening or a transparent panel in the front, through which the address upon the inclosure is disclosed, a mailable under the following conditions:

The windows shall be parallel with the length of the envelope, and shall not occupy the space necessary for postmarking and for change of address. The windows shall not be colored and shall be made as transparent as possible. All window envelopes shall bear the return card of the sender.

Window envelopes which do not conform to the above requirements shall when deposited in the mails be returned to sender or if address is not known, to four assistant postmaster general, division of dead letters. Change of address should not be made on the window, but on the envelope.

The choir of the Literberry Christian church will serve an oyster supper at the church Saturday evening, Nov. 15.

EDUCATIONAL NOTES

Several Arizona's school laws are models of simplicity and effectiveness, according to officials of the United States bureau of education.

The result of adequate industrial education will be "peace, precision and prosperity in industry; happiness and hope in our homes," in the opinion of Secretary of Commerce Redfield.

The people of Macon county, Illinois, are planning to do honor, by a memorial volume and in other ways, to the memory of the late John Trainer, "father of the modern country school."

That the hundreds of health-teaching agencies in the United States should organize into a general body for united and co-operative action is the assertion of Dr. F. B. Dresslar of the United States bureau of education.

Student insurance is a feature of German continuation schools. For an insurance fee of 19 cents per half year, the students in the schools for builders, for example, are insured against all accidents that may happen to them in the school room or on the way to and from school.

When 500 girls between 14 and 16 years of age in Chicago factories were asked: "If your father had a good job, so that he could have afforded to keep you in school, would you prefer to stay in school or go to work in a factory?" 412 replied that they would still prefer to be in the factory.

Grand Rapids, Mich. has a printing department in the junior high school. It is for three distinct classes of students: First, the part time boy who attends a half a day a week without loss of pay from his regular employment; second, the boy who is there all the time and is learning the trade; third, the boy who takes an hour or two a week to find out whether he wants to follow printing as a life work.

The high cost of living and related problems are attacked in a series of home economics lectures at the Teachers' Training college in Baltimore. The following are a few of the practical topics considered: What is the food requirements for one day for a young woman 17 to 20 years of age? A study of actual lunches that can be prepared for 3 cents and 5 cents. The value of pure food. How does the sanitation of the school affect the health and efficiency of the child? How can we as consumers influence economic and sanitary conditions by careful buying?

RECEPTION AT MT. EMORY.

The completion of the repair work on Mt. Emory Baptist church was observed Thursday evening by a social at the church and reception to the pastor, the Rev. A. A. Russell. A bounteous supper was served during which a program of musical and literary numbers was rendered. Miss Katherine Hayden was in charge of the entertainment. She was assisted by Frank and Clay Malory who entertained jointly 52 friends as their guests. The supper was excellently cooked and served and a neat sum was realized in spite of the inclement weather.

POWER OFF AN HOUR.

On account of damage being done to the switch board of the light plant this (Friday) morning by lightning, the power was shut off from 1:15 to 2:15.

SOCIAL EVENTS.

One of the most enjoyable events of college life at the Woman's college was the annual dinner given by the Juniors to the Seniors, at Colonial Inn, Thursday evening. The rooms had been prettily decorated in the class colors, green and white, by the use of roses and potted plant and the tables were appropriately decorated, candles being used with green shades. The place cards were miniature seniors and the dinner consisted of an excellent four course menu.

After dinner Miss Feril Hess was introduced as toastmistress and the speakers and sentiments follow:

"The Little Giant of Education"—Leta Irwin.

"Our Dean"—Abbie Peabody.

"The Senior Class Officer"—Geneva Upp.

"A Coming Class Officer"—Hallie Clem.

"The Junior Class Officer"—Helen Munson.

"A Word About Lake Matanzas"—Miss Johnston.

"A Word for the Greetings"—Audrey Berryman.

The guests of honor were Dr. and Mrs. J. R. Harker, Miss Johnston, class officer of seniors; Miss Anderson, junior class officer, and Miss Neville. Miss Hallie Clem is president of the senior class and Miss Josephine Ross is president of the junior class.

After the dinner an impromptu musical program was given and the delightful time came to a close all too soon.

Mrs. Alice Kumble and daughter Miss Emily of Alexander entertained at 6 o'clock dinner, Thursday, Mr. and Mrs. J. A. Zellar of Alexander, Miss Dorothy Lukeman of Franklin and Mrs. B. H. Gilbert of Quincy.

Mr. and Mrs. A. G. Waitret entertained about fifteen of their friends at their home in Alexander Thursday, the occasion being their twentieth wedding anniversary. At noon an elaborate dinner was served and the day proved a most enjoyable one.

Mr. and Mrs. Charles Henry of Woodson, gave a birthday party last night in honor of their son Amos, who is nineteen years old. Forty friends and neighbors were present and a most enjoyable time was spent. Amos was presented a fine wool sweater by the guests, the presentation speech being made by Andrew Rogerson who is visiting here from North Dakota. The evening was spent in a jolly manner by music and games and during the time some splendid refreshments were served. Among the guests present was Amos Harney's great grandmother of Jacksonville, Mrs. Crawley who is 86 years of age, Misses Helen Stranberg and Nell Clampt of this city were also among the guests present.

The birthday social of the Ladies' Aid society of Centenary M. E. church was held Thursday with Mrs. G. W. Flagg at the parsonage. There was a good attendance of members. Plans were talked over relative to the supper to be given December 9. A pleasing feature of the afternoon was the presentation of a beautiful gold and pearl lavalier by the members of the society, to Mrs. Anna Brown, who is the resigning president of the society. She has filled this office most acceptably for the past ten years. The presentation speech was made by Mrs. E. L. Kinney and the acceptance speech was most appreciative. Refreshments were served and those assisting the hostess were Mesdames, Phillips, Wells, Corrington, Dodsaworth, Garland and Whorton.

WRITES OF CONVENTION.

Dr. J. W. Miller Tells of Great Anti-Saloon Movement Launched in Columbus.

Friends in the city have received word from Dr. J. W. Miller, pastor of Grace M. E. church, who is attending the big anti-saloon convention in Columbus, O. In part he says: "The greatest convention the world ever saw is now on at Columbus, Ohio. This forenoon the resolutions calling for an amendment to the constitution forever doing away with the saloon business in the United States were passed with great enthusiasm by several thousand delegates. What this means all know. It means that the next congress and the next legislation of every state will face the question of the abolition of the curse of the saloon business.

"I do not doubt for one moment what the outcome will be. The black flag of the legalized saloon will be torn down and never again will it be unfurled, alongside the stars and stripes. This convention is making history in its sessions here in Columbus."

EIGHTY-SECOND BIRTHDAY.

Mrs. W. S. Phillips of Cerro Gordo was in the city yesterday to be with her mother, Mrs. Preston Wood of Duane Place who was quietly observing her 82nd birthday.

There's Many Reasons Why You Should Use.

ROBERTS' CUP QUALITY COFFEES

The very style attracts attention. The flavor, absolutely without bitterness, makes Breakfast a pleasure. The perfect balance of the blends preserves the true merit of a soft, pleasant rich beverage. (In the Cup). They will produce more cups per pound than ordinary coffee, reducing the relative cost thereby to this extent.

SAME BLENDS—NO ADVANCES.

Charles Seymour of the Hart's Prairie neighborhood was a visitor in the city yesterday. Mr. Seymour returned recently from a stay of several months in North Dakota.

FIRST BIRTHDAY IS DULY CELEBRATED

CHAMBER OF COMMERCE OBSERVED ANNIVERSARY LAST NIGHT.

Dinner at Peacock Inn Followed by Addresses by Mr. Schoop of Chicago and Mr. Perry of Quincy—Ladies Among the Assembled Guests—Membership List is Growing.

With a membership of over three hundred and a record behind it, the Jacksonville Chamber of Commerce celebrated at the Peacock Inn Thursday evening the first anniversary of its founding. John D. Schoop, first superintendent of the Chicago public schools, and Judge C. F. Perry, secretary of the Quincy Chamber of Commerce, addressed the hundred members and friends present, on the new industrial awakening and the trend and aim of the new commercialism. Dr. G. H. Kopperl served as chairman and Dr. F. S. Hayden offered a word or two of prayer.

The work of establishing the present organization, the Jacksonville Business Men's association, which succeeded and the present condition and outlook of the Chamber of Commerce were mentioned by Secretary Paul B. Fritchey, who spoke briefly at the completion of the excellent menu. Principal Charles E. Collins followed with a word of welcome on behalf of the high school and a sentiment of congratulation with regard to the work of the Chamber of Commerce.

Before introducing the chairman, Dr. G. H. Kopperl, Secretary Fritchey took occasion to thank the committee on membership who had helped secure Thursday morning an increase of seventeen members. He read the names of 34 recently added to add members of the organization and called attention to the fact that a number more had turned in blanks of application. The membership committee was composed of M. C. Hook, Cole Rowe, M. R. Fitch, W. J. Brady, G. H. Kopperl, Frank H. Montgomery, T. M. Tomlinson, I. M. Bunce and W. T. Brown. The members who have joined the Chamber of Commerce since last announcement are A. R. Gregory, C. C. Berryman, Andrew Leck, Cannon & Kelly, Samuel Strauss, J. H. Zell, Thompson Produce Co., James C. Weber, Frank Wilson, Williamson & Cody, Bacopulos Bros., Jacksonville Candy and Ice Cream Co., Dr. A. H. Dollear, Jenkinson & Haxby, Coover & Shreve, Very Rev. J. W. Crowe, Dr. J. C. Widenham, S. S. Kresge Co., Fred Drake, William Triplett, J. W. Harrigan, Dr. G. O. Webster, Bancroft & King, Dr. Alpha B. Applebee, Post O. T. P. A. C. N. Priest, Howard DePaw, Gately Clothing Co., Dr. A. L. Kingsley, E. V. Peterson, Mullenix & Hamilton, W. C. Howe and L. A. Barnhart.

A number of ladies had been admitted to the dinner and among them were Mrs. William Newman, Mrs. J. H. Danskin, Mrs. D. W. Reid, Miss Ione Kuechler, Miss Helen Calk, Miss Clara Cobb, Mrs. J. K. C. Pierson, Mrs. J. N. Ward, Mrs. Elizabeth Koch, Miss Sophronia Kent, Mrs. Miller Weir, Mrs. M. H. Havenhill, Miss Laura White, Miss Anna Brown, Mrs. H. J. Capps, Mrs. C. E. Doyling, Mrs. Ernest Frost, Miss Louise Capps, Mrs. J. Thompson Sharpe, Mrs. A. L. Adams, Mrs. Wilcox, Mrs. W. S. Badger and Mrs. E. P. Cleary.

The Industrial Awakening.
"We are living in an age of change," said Mr. Schoop in speaking on the new industrial awakening. "The home is not like it used to be, the school has been modified by the new duties the social order has placed upon it; the farmer no longer scratches the ground with a stick and depends on the crude methods of old, but is compelled to make use of the latest discoveries of science. In the field of commerce, above all, the fact of constant change is most apparent."

"We send rice to Germany to be hulled and then ship it back again for consumption. A Chicago man recently told me of his surprise at buying in New York stores some articles he knew were produced in Chicago. So there are economic problems of production which we must solve. The question we have to consider is not one of politics. Recently I talked to the manager of one of the great department stores in Chicago and he told me that while people were expecting a drop in prices as a result of recent tariff legislation that his firm was finding that in making purchases abroad, that everywhere manufacturers were asking higher prices claiming an increasing cost of production. So we are likely to be disappointed in the lowering costs we were expecting."

The Growth of Transportation.
"The farmer used to be able to drive through his field and those adjoining him and tell something about what the price of corn or wheat would be but that day has passed and now the price is dependent upon the crop in the adjoining states and upon those in other continents. Yet it is a good thing that transportation has brought us all closer together. The duty of the city is to bring things into proper relationship with each other. The only life worth while is that which we create. Nature gives us only the raw materials and a city has only that which it works out from powers and potentialities. The problem of the city is constructive work. A resident of a mining town was boasting how many tons of coal were raised there each day and yet the real standard of what that city was accomplishing should have been measured by how many cars were consumed. It is not always the seemingly greatest agencies which

accomplish the most or conduct the most extensive business. The railroads of the country do a vast amount of business but measured by the contribution to the national wealth which the American makes each year, the railroads sink into insignificance.

Working Together.
"As time moves on people are coming to a more thorough understanding of the need of the get-together spirit, of the call to yoke together whatever we may have at our command. This city has a grand history, a reputation as the Athens of the west brought about partially through your splendid educational institutions. We recognize however, that the time has come for changes in our educational system and modifications must be made to suit the times. You may send a yellow dog from one country to another until you have almost circled the globe and it will come back a yellow dog. But send an idea from one nation to another and it grows and develops constantly and returns enlarged and improved. History is the oil for the lamp of progress and we are interested in the record of the past but what we all must really do is turn our faces ever to the future. I have contempt for the man who cannot stand success and contempt for the man who cannot stand failure. The great ones are those who, when adversities and reverses come rise above them and loom up higher in the public mind. While I never knew the late Mayor Gaynor I shall miss him for I have always read his utterances with interest and I remember that he seldom spoke in public without emphasizing that labor is the foundation of success. He urged the members of the board of education he named to lay special stress upon the need of honest effort and of toil."

Must Save For Future Harvest.
"Illinois needs your help and mine for the accomplishment of the best things and it is by working together that we can bring them to pass. Chicago needs a new charter and Illinois needs changes in its constitution and you can help us in Chicago and we can help you. The position of Illinois is such that the great traffic of the nation should pass this way and so there will be new and continued problems pressing for solution. You must remember that we cannot realize our ideals in a decade and that we must sow some things for others to reap. Our ideas must not be too commercial and we must give heed to the boys and young men. Each year the Chicago Association of Commerce takes the boys on an excursion and strives to inculcate in them something of the spirit which we know is needed. If I were asked what is the greatest word in the dictionary I would answer control. Over at Keokuk if you visit that vast dam where electric current is produced by water power, there will come to you the true importance of that word control. So tonight I take pleasure in giving to you words of cheer and good will from your Chicago friends and I hope that all of us may realize that the things we want to accomplish will come to pass as we appreciate the higher ideals."

Commercialism a Broad Theme.
Judge C. F. Perry was then introduced by Dr. Kopperl and made a practical, strong address of twenty minutes length. Judge Perry who is the secretary of the Quincy Chamber of Commerce before assuming his present important duties was for twelve years engaged in newspaper work. The speaker in beginning his remarks emphasized the importance of the entrance of women into the politics of Illinois and expressed the belief that splendid advances and reforms will result from that very fact. "Commercialism" in a broad sense was then discussed from various view points. Judge Perry emphasized the tendency there is to forget that industrial prosperity is often affected by clean streets, good pavements and attractive parks. Schools and libraries and churches are not commonly supposed to have much to do with commercial life but it was shown that they really are important factors in this regard. That Illinois is destined to hold a still more important place in the commerce of the country was pointed out with the statement that in 12 central states one third of the people of the country are now living and land values therein have increased 100 per cent in ten years.

On motion of Thomas Worthington a vote of thanks was extended to the speakers of the evening and also to the associations they represent. With Earl Richardson at the piano, George Vasconcelos served as leader and the whole company joined in singing "Illinois."

A bank whose officers are willing at all times to aid and advise depositors.

A complete bank with commercial department, savings department, trust department, safety deposit boxes.

This is the "Good Banking Service" we offer—and invite your account.

The Farmers State Bank and Trust Co.

In compliance with the commission form of government act and then submit the questions to the people, all within the brief period of six weeks. These franchise matters have been pending for years. They were brought to the direct attention of the people two years or more ago, when suits were brought by the then newly chosen city attorney. Subsequently there were extended periods of delay. More than a year ago a street car franchise was put up to the people and defeated. For a time consideration of the important matters seemed to stop and then began the discussion of franchises covering all utility matters. These questions should have been met and solved in the best way possible months ago. That is history now and whatever may have caused these postponements and delays has nothing to do with the present problem. The fact is that there is not time now to properly consider these questions and arrive at the right solution in six weeks time. As the city has drifted along until within a few weeks of the time the new law is to take effect the reasonable course is for Jacksonville to take its chances with the utility commission—as an aid and adviser.

Clearing the Atmosphere—So brushing aside these questions and leaving their consideration for future days the clarified problem confronting Jacksonville would be municipal ownership vs. purchase from a private corporation. With a cleared field and atmosphere the public should have little or no trouble in arriving at the right decision of this question. The city must have better and more illumination and the only question then to be settled would be the method of securing it.

Considering the argument presented for a municipal plant, the system of operation contemplated, and the propositions thus far that have been made by the Jacksonville Railway & Light company, the Journal at this time favors having the city retain its municipal plant and provide for its betterment.

Light Company Has Rights—The Journal by no means wishes to appear as making an especial attack on the Jacksonville Railway and Light company. While it is true that this company has been for years and is operating without a franchise, it is also true that this situation is not wholly the fault of the company. The city has been negligent and has slept upon its rights. The company too is entitled to consideration and justice as a large property holder and taxpayer and because the temper of the company is not unfriendly to the city. However, there are certain facts in connection with the Jacksonville Railway and Light company which the public has a right to consider and which are justly open to criticism. In the past some of the gas and electric service furnished by this company has not been of the high quality and efficiency to which the city is entitled through the favors that it is gratuitously granting to this company. However, it is true that the company is now spending a large sum of money in improving its equipment and that still larger expenditures are contemplated for the coming year.

Why Not Cheaper Lights?—The strongest complaint, however, against the company is with reference to rates and this complaint is justified by the facts. The Jacksonville Railway and Light company management admits freely that the maximum rate for electric light in Jacksonville is too high. The company admits that the charge is higher than is paid in other cities of like size and in some smaller cities. It is a fact that this same company has lowered its rates in Decatur and Galesburg recently to meet the demands of the people. It is true that Springfield and other cities where utilities are enjoying lower rates than those in Jacksonville. The company can afford to sell electric current on a lower schedule of rates than is now in force in Jacksonville. There may be some question as to whether the rates charged large consumers are as low as should be, but as to the rate charged to the average or small consumer there can be no question. The rate is too high, should be cut down, and should be cut down at once, that the large majority of the consumers may receive a direct benefit. Why would not such a reduction upon the part of the Jacksonville Railway and Light company meeting with approval, as it surely would—why would it not be the first step toward the solution of the present tangled questions?

SUB-MARINES WILL TAKE LONG CRUISE.—Washington, Nov. 13.—The second division of the sub-marine flotilla of the Atlantic fleet which eventually is expected to form a part of the Panama canal, will leave Norfolk, early in January for a three months cruise of South Atlantic and Mexican gulf ports. This cruise will be the longest yet undertaken by American sub-marines.

TO PAY PREFERRED CLAIMS.—St. Paul, Nov. 13.—Receivers of the St. Louis and San Francisco railroad, as given an order by federal Judge Sanborn late today authorizing the immediate issue of \$3,000,000 receivers certificates to pay preferred claims. The certificates will run for 12 months, paying six percent. Other claims were ordered paid out of the income of the railroad.

ASK SPECIAL SESSION.—Chicago, Nov. 13.—The Illinois Federation of Women's clubs today adopted resolutions asking for a special session of the state legislature to consider calling a constitutional convention "because the present constitution is inadequate to the needs of the times" and asking that women be appointed on park boards. Speeches were made for an extension of women's franchise in Illinois.

North Dakota Farms On Crop Payments

If you are now renting and want to get onto a farm of your own, you will find an attractive proposition among our 20,000 acres of improved and unimproved North Dakota land. Improved lands \$22 to \$75 per acre; unimproved, \$20 per acre and upwards.

If you will come up to North Dakota with a full and complete farming outfit—and will either bring a good bunch of stock along or buy it here—you get one of our first-class farms in the famous Red River Valley or elsewhere, on the crop payment plan. You will have to make only a small cash payment.

Buy Now While Prices are Low

Are YOU interested? If so, tell us how large a farm you want; number of horses, cows, etc., and what farming equipment you have; and about how much of a payment you can make, and we'll make you a proposition. Write us at Fargo—or see Wilkinson Bros., our district managers at Jacksonville. Free literature.

JACKSONVILLE JOURNAL CO.

THE LIGHT SITUATION AND ITS PROBLEMS.

As one considers the local light situation it seems that the proposition of the Jacksonville Railway and Light company to furnish lights to the city for a certain price contingent upon the granting of certain extended franchises to the company is tending to cloud the real issue. As a matter of fact as one considers the problem the granting of franchises has no direct or proper relationship to the question of the city owning and operating its municipal plant.

The question as to whether or not the Jacksonville Railway and Light company can sell the city current or can furnish a complete lighting system at a lower price than the city can manufacture light does have something to do with the municipal light plant problem and can be properly considered in connection therewith. The matter of granting franchises to the company is wholly different and it would serve to clarify the situation if the consideration of these franchises was kept separate and distinct.

In other words the city is entitled to some sort of remuneration for possible franchises granted the utilities company. This remuneration should be based upon precedent in other cities in relation to light utilities and based also upon local conditions. When the proper value to be given for these franchises has been settled then it would be fair and proper for the city and the company to enter into the agreement.

Buying vs. Making Current—So in the matter of the municipal light plant. There are many people in Jacksonville who, after studying the figures which have been presented to them with reference to the local light plant and after consideration of the experience of other cities are firm in belief that the best thing for Jacksonville is to continue to own and operate its light plant and to make such improvements and enlargements as are needed. Still a great many other citizens believe that the city can buy current or its entire lighting system at a lower rate than can be produced through a municipal plant. In this list of advocates of the purchase of light rather than its manufacture is the Jacksonville Railway and Light company. The managers of this company no doubt sincerely believe that they can furnish light to Jacksonville at a price which will make them money and save the city money. Under these circumstances it seems that the proper method of procedure for this company as an applicant for city business is to make a clear and definite proposition as to just what terms it will make for the sale of current or supplying all lighting equipment to the city. Such a proposition should stand on its own merits in order that it might be considered in its right relation to the costs of municipal ownership operation. The matter should not be confused or clouded by cumbering the proposition with limiting clauses or qualifications providing that the company will make such and such a proposition provided that the people of Jacksonville grant to the company franchises for street railway, gas, electricity and steam heat for extended periods, and at certain maximum rates.

Take Chances With Commission—As stated before, the consideration of all these things at one time and as one problem has a tendency to confuse. It should also be remembered that it now seems especially useless for the people to be talking about immediate action on franchises when the whole matter after January 1st, will be largely in the hands of the public utility commission. True, franchises will still be required and the commission cannot grant them, but nevertheless the commission will have a vast influence in shaping the terms of such franchises and in making them equitable to both parties. It is now only six weeks until the first of January, when the new law becomes effective and anyone familiar with the routine through which such local legislation must pass knows that it will be practically impossible for the city council of Jacksonville to agree on details of franchises with the railway and light company, pass the ordinances

FAILURE OF OLD NEW YORK BANKING HOUSE ANNOUNCED

Involuntary Petition in Bankruptcy
Against Firm of H. B. Hollins &
Co. is Filed in Court.

New York, Nov. 13.—The failure of H. B. Hollins & Co., an old banking and brokerage house with international connections, was announced simultaneously today. An involuntary petition in bankruptcy against the firm had been filed in the court. Liabilities are estimated at \$5,000,000 with assets, mostly bank loans of from \$2,500,000 to \$3,000,000. The firm was established more than twenty years ago but recently underwent several changes in personnel. Harry B. Hollins, the senior member, was a business associate of the late J. P. Morgan.

William K. Vanderbilt was at one time identified with the firm in its outside enterprises. Mr. Hollins' partners include Briton N. Busch, the board member, and Walter Kutz, for some years the manager in this country of the Russo-Chinese bank. According to the firm's lawyers the failure was precipitated by the withdrawal of some large deposits, which seriously reduced its working capital.

The difficulties of the firm are believed to date back to panic of 1907, at which time they were burdened with a number of unprofitable properties, including the Cincinnati, Hamilton & Dayton and Pere Marquette railroads and the Chicago Railways company. The railroad properties were later taken over by J. P. Morgan & Co.

Tonight.

Tonight, if you feel dull and stupid, or bilious and constipated, take a dose of Chamberlain's Tablets and you will feel all right tomorrow. For sale by all dealers.—Adv.

NO NEW INDICTMENTS.

Rock Island, Ill., Nov. 13.—The grand jury which had been recalled by the district attorney after the court had declared faulty thirty-eight indictments against the sheriff, today failed to return any new indictments. The faulty indictments charged the sheriff with obtaining money under false pretenses and with allowing prisoners to escape from the county jail for pay.

Washington, Nov. 13.—Jose Santos Zelaya, former dictator of Nicaragua, now in New York, was today denied an audience at the department of state. The former dictator sent an emissary to Secretary Bryan to ask for an appointment but did not communicate the nature of his business. Mr. Bryan declined to see him.

Cause of Insomnia.

The most common cause of insomnia is disorders of the stomach and constipation. Chamberlain's Tablets correct these disorders and enable you to sleep. For sale by all dealers.—Adv.

Buy From the Owner

ILLINOIS PHONE 165.

MANY THOUSAND CHILDREN WILL OBSERVE ANNIVERSARY

Will Join in Reciting Lincoln's Gettysburg Address November 19th.

Five hundred thousand school children in the state of Illinois are expected to recite Abraham Lincoln's Gettysburg address on the 50th anniversary of that occasion, Wednesday, Nov. 19.

State Superintendent of Schools Blair has addressed a communication to the teachers throughout the state suggesting that every child above the sixth grade in the public schools be called upon to memorize and repeat the words of the martyred president, at half past three on the afternoon of the anniversary day. Lincoln is supposed to have begun his address about that hour.

The idea of a fitting observance of Gettysburg day originated with the Illinois Centennial commission, created to arrange for the celebration in 1918 of the one-hundredth anniversary of the admission of Illinois to statehood. Upon the recommendation of the Centennial commission, Governor Dunne has issued a proclamation asking the people generally to observe Gettysburg day in a suitable manner.

In the letter which he has addressed to the teachers of the state, Mr. Blair says:

"Fifty years ago, November 19, 1863, on the battlefield of Gettysburg there leaped from the soul of this great American a lofty sentiment, which in form and thought constitutes one of our greatest literary and moral treasures. He stood to give this address at about half past four o'clock in the afternoon, eastern time, or half past three o'clock in Illinois."

"I earnestly recommend that all pupils beyond the sixth grade in public and private schools of this state shall commit to memory this noble address and that it shall be repeated by some of these pupils at half past three o'clock on Wednesday afternoon, November 19."

"There is inspiration in the thought of half a million children joining in such a patriotic exercise. It is a better monument to his memory than can be built out of wood or stone. It is built in the hearts and minds of the children. It will be good for the teachers, good for the children and good for the state of Illinois."

LEADERS OF ART MEET IN CHICAGO.

Chicago, Nov. 13.—The most notable gathering of distinguished American writers, architects, sculptors, designers, etc., ever held in this country is at present assembled in Chicago on the occasion of the annual conventions of the National Institute of Arts and Letters, the American Academy of Arts and Letters, the National Sculpture society, the National Academy of Design, the American Institute of Architects, and several other organizations of a similar nature, which opened here today and will remain in session for three days. The members and delegates of the various organizations are the guests, during their visit to this city of the combined organizations devoted to art, literature and music, the University of Chicago, Northwestern university, Lake Forest college, the Art Institute of Chicago, and other societies and clubs interested in arts, sciences, literature, sculpture, architecture, and other branches of cultural activity. The program for the three days will include a luncheon given by the Chicago Symphony orchestra under the direction of Frederick A. Stock, himself a member of the National Institute of Arts and Letters; a drive about the city and a number of private receptions and entertainments.

Man on Guard For Uncle Sam on Mexico's Strife Torn West Coast.

Rear Admiral William Cleveland Cowles is in command of the United States fleet now on guard on the west coast of Mexico. He is in readiness to meet any demand for protection from Americans on the Pacific side of the strife torn republic. Rear Admiral Cowles has had wide experience in Pacific waters. He was formerly the commander of the Hawaii station of the navy.

THE GOVERNMENT WANTS DAIRYMEN.

The establishment of creameries on several irrigation projects of the government during the past two years has proven so successful that there is widespread interest in dairying among the settlers. Unfortunately many of the settlers are without the necessary capital to purchase good dairy stock and for the time being are forced to continue the uneconomic method of selling all their forage crop. A large number of these settlers are trying to operate more land than their means will permit, and with a view of engaging in dairying are desirous of subdividing their farms in order to get money for the purchase of stock. This has placed on the market a considerable area of land on several projects where nearly all of the government land has been taken up. Prices and terms offered are more on the basis of the need for money than on actual value, and offer excellent opportunities for experienced dairy men to establish themselves in communities where the success of their enterprise is practically assured. There are numerous sections where good land suited for

dairy farming can be had at prices ranging from \$25 to \$50 per acre, with water ready for irrigation. On all these projects the markets for dairy products, beef and pork, are excellent and there is every indication of a continuance for an indefinite period. It has been demonstrated repeatedly that dairy farming in the west is the safest, surest and in the long run the most profitable form of agriculture to engage in.

The settlement agent of the United States reclamation service at Chicago is furnishing information concerning location, prices and terms to all who are seeking homes in the west, but is especially desirous of interesting practical farmers with capital. Many of these projects contain a few government farms available for homesteading, and literature describing them is also supplied. In view of the very high prices prevailing elsewhere for lands suitable for dairying, the western opportunities are regarded as exceedingly attractive.

Garland & Co. brag on the tailoring and fit of their suits; so will you when you see them, \$12.50 to \$30.00.

FORMER ACTRESS RENEWS FIGHT FOR FORTUNE

Laura Biggar Bennett Is Seeking Remainder of Estate of Her Husband.

Jersey City, N. J., Nov. 13.—Vice Chancellor Griffith, sitting in chancery court, today took up for hearing the case of Laura Biggar Bennett, who at one time was a well known actress, against the executors of the estate of her husband, Henry M. Bennett. When the settlement of estate, which was worth \$2,000,000, began, it is said that the actress agreed to accept \$240,000 as share and has received a large part of this amount. She is now endeavoring to recover the remainder.

Laura Biggar's fight for the Bennett estate has for more than ten years been sensational in the extreme. Starting life on the stage about twenty-five years ago under William A. Brady's management, Miss Biggar married an actor named Richardson, and after divorcing him was married to James Willis McConnell. Later she became the wife of Burt Haverly, an actor. While she was playing the Widow in "A Trip to Chinatown," she met Henry M. Bennett, millionaire owner of theatres in Pittsburgh and Brooklyn.

Bennett even then was so old as to be decrepit. His attentions to Miss Biggar resulted in trouble with her husband. As a result Haverly secured a divorce. Miss Biggar then left the stage, where she had made a decided hit at Iza in "The Clemencau Case," and became the nurse and companion of Bennett.

Remembered in Will.

On April 11, 1902, Bennett died, and Miss Bennett was left 60 per cent to his estate under his will. Not content with this settlement Miss Biggar, who then called herself Mrs. Bennett, put in a claim for the entire estate on the ground that she was Bennett's widow. Following the claim charges of conspiracy were brought against her, together with Dr. Charles C. Hendricks and Samuel Stanton, formerly justice of the peace in Freehold, N. J., where Miss Biggar was living at the time.

Stanton was brought into the case because he claimed to have married Bennett and Miss Biggar, and a marriage certificate signed by him played an important part of the affair. Dr. Hendricks was Mrs. Biggar's physician, and the proprietor of a sanitarium in which, it was said, was born the child, which Mrs. Biggar claimed to be the posthumous child of Bennett, and which played an important part in the litigation.

The conspiracy charge against the three resulted in the jury at Freehold finding Hendricks and Stanton guilty and acquitting Miss Biggar. As an aftermath of the affair the wife of Dr. Hendricks sued Miss Biggar for alienation of her husband's affections.

In 1903, and again in 1906, it was reported that Miss Biggar, or Mrs. Bennett, as she has since been known, had agreed to accept a settlement or her claims against the Bennett estate. At one time it was said she had received \$620,000 and at another time the amount was placed at \$400,000. It is certain that at various times she received large sums from the executors, but it is believed now that she is practically without funds. Hence, her renewed endeavors to secure the whole or a large part of what is left of the Bennett fortune.

PROBATE COURT.

Estate of William Ezard, deceased. Final report approved.

Estate of Joseph Tritsch, deceased. Inventory approved.

Estate of Ray E. Ore, et al. Deceased. Petition for letters of guardianship. Same to issue bond for \$2000.

B. C. 3500

The first prescription was written on Egyptian stone 3500 B. C., and is now in the Metropolitan Museum, N. Y. City. The first prescription dispensed from our files was put up by Robert Hocken-hall, senior, in 1842, and can be seen in our east side store window, together with others of same and subsequent years, down to the present time; nearly 50,000 of them in all.

These 50,000 prescriptions represent the accumulation of 71 years' continuous business, and when you take into consideration that in the last 25 or 30 years all the physicians have been dispensing practically all their medicines from their offices, it shows a record of work that we are justly proud of, both for our predecessors as well as ourselves.

This is the day and age of specializing in most all the arts and sciences. We specialize in that of dispensing physicians' prescriptions, and call ourselves the Prescription Specialists. Our intimate knowledge of drugs enables us to personally direct the compounding of them; the supervision of the filling of your prescriptions assures you that no error will be committed in the selection of the proper and purest drugs. Absolute excellence is our standard. We will not tolerate substitution. Our label is a guarantee of quality and we give most careful attention to every article which leaves our stores.

In order to carry out our Specialty we have opened (as you probably know), a prescription room in the Ayers Building, No. 201, for the exclusive compounding of physicians' prescriptions and family recipes. Hours 9:30 to 11:30 morning; 2 to 5 afternoon. We cordially invite you to call in and see our Prescription room. East and West Side Stores of Coover & Shreve can supply all your drug wants. We guarantee you perfect satisfaction, and are ready to promptly deliver any telephone order or call for prescription and return it to you after it is prepared.

WE WANT TO SERVE YOU.

SOME OFF-SIDE CHUTES.

Some of the Jacksonville boxing fans yesterday were inclined to believe that the Journal did not go far enough in tearing up Eddie Graney's galaxy of flaccid stars. This column carried the argument as far as was necessary to refute the Graney claims. It was not the intention to write a history of the game from the time that Dan Donnelly at the Currah of Kildare put over the haymaker to the jaw of Baker, the champion of England, down to the present time. Graney, like a majority of California's native sons, is one-sided in all of his views, be those views of a sporting nature or otherwise. Any one hailing from outside the Golden Gate or from a distance to Suto Heights cannot be correct in anything to these lovers of steamed beer and sizzling clam juice. Some time in the future the writer will attempt to satisfy the appetite of Jacksonville fans and will give a synopsis of the careers of their favorites—John Morrissey (the congressman), Yankee Sullivan, John C. Heenan, Tom Heyer, Tom Allen, Mike McCool, Jim Mace, Charley Gallagher, Joe and Mike Coburn, Jimmy Carroll, Frank Erne, Jimmy Gallagher and other stars of a generation now numbered among the "also rans."

Garry Herrmann has peeled his coat and has tossed his hat into the ring. Tomorrow he will be prepared to roll up his sleeves and sail in. He has declared himself upon the players' demands and upon the status of the Federal league, and says if war is to be declared he is ready to go to the front—maybe. Billingsgate hurled at the president of the players' fraternity is not going to get Garry any place except into deep water, and when he hits the slough he will be more than anxious to back up. There is much bluster and cheap fireworks in the Herrmann make-up and very little solid shot.

The Federal league continues to move along with swiftness in shaping up for the 1914 campaign. The promoters appear to be well supplied with money and are grabbing off the best of the baseball talent to lead the various clubs. Baltimore will have Ed Hanlon, renowned as the leader of pennant winners in Baltimore and Brooklyn, as well as being the developer of Mugsy McGraw, Billy Keeler, Joe Kelley and other stars. J. E. Krause, a leading merchant of Indianapolis, will guide the destinies of the team representing the Hoosier capital, and John B. Barbour, vice president of the chamber of commerce, is president of the Pittsburgh team.

The outlook for the running turf is becoming brighter every day. When Tammany hall was dynamited at the last election one of the greatest handicaps to the sport of kings in the east was removed—to remain removed for four years at least—and horsemen have become greatly encouraged. James B. Haggin, the noted financier, has again entered the field, and at the sale of thoroughbreds now going on at Lexington, Ky., he purchased Ballot, paying \$50,000 for the stallion. Ballot was one of the best colts ever raced by the late James R. Keene, and before being retired to the stud had earned for his owner upwards of \$250,000 in purses. Mr. Haggin also bought Barney Schreiber's old campaigner, Sain, an imported stallion, for \$5,000. Both horses will be placed at Elmdorf stud near Lexington, where Mr. Haggin will resume breeding upon his former great scale.

If the betting on the curb in Wall street, New York, is to be taken as a straw whirled in the wind, Yale's football squad will save time, money and many bruises by remaining in the Elm City tomorrow and allowing the scheduled game to go to the Tigers on a forfeit. The bulls and the bears are laying \$10 to \$7 against their chances with Princeton.

Coach Williams is having his troubles with the Gopher squad. The erudite doctor has a team which is well supplied with the beefy qualities, and also one with an overabundance of bone. Wednesday afternoon he was compelled to "read the riot act" to his rememberers the signaleurs and "inside" dope after getting into action. His team is made up largely of individual performers who care nothing for a unified machine.

Ruric Templeton, the Olympic high and broad jumper, hurdler and pole vaulter, accompanied the American athletic team on the Australian trip Wednesday. The students of Stamford university had planned to kidnap him to prevent his trip to the Antipodes, so that his services might not be lost to the college, and the management of the tour was forced to smuggle him on board the liner out in San Francisco bay from a launch.

CHICAGO WHITE SOX WIN.
Oakland, Cal., Nov. 13.—The New York National league pennant winners lost to the Chicago White Sox by 5 to 2 here today.

Wiltse and Russell were the opposing pitchers. Jim Thorpe, the famous Indian athlete with McGraw's team was given a chance to warm in right field, replacing Mike Donlin.

Score.
Chicago . . . 100 000 400—5 11 2
New York . . . 000 000 101—2 7 4
Russell and Schalk; Wiltse and Meyers.

A REVOLUTIONARY MUSKET.
In the window of the Farmers' Bank and Trust company is an old time flint lock musket captured by minute men from the British at Concord. It is the property of Charles Walker and has been in his family for many years and is highly prized by him. The old flint in the hammer is seemingly as good as ever and strikes fire every time it is tried.

PROGRAM FOR DEDICATION

FRANKLIN M. E. CHURCH IS READY FOR OCCUPANCY.

New Building Will Set Aside for Worship Next Sunday With Sermon by Bishop William A. Quayle—Other Programs in Connection With Dedication Work.

As has formerly been mentioned in the Journal the dedication of the beautiful new Methodist church in Franklin will take place next Sunday morning, the dedication sermon being preached by Bishop William A. Quayle. The church is built on the latest plans, drawn by Clarence W. Buckingham and the builder was Charles E. Seymour. In connection with the regular dedication services other programs will be given. On Saturday evening a lecture will be given by Bishop W. A. Quayle on the subject "Abraham Lincoln." The lecture will be preceded by a piano solo by Miss Lucile Olinger. The admission to the lecture will be fifty cents and for children under twelve years of age twenty-five cents.

The program includes some of the best speakers and musicians of the country and the dedicatory organ

Benediction—Rev. Charles Wehrman, Chatham, Ill.
The Organ Postlude.

Public Worship.

Monday p. m., 7:30 o'clock.

"Venetian Song" (Paolo Posti)—Miss Jones.

The Holy Night. Buck

The opening of this piece suggests the darkness of night, but it is the

"Holy Night," and the Star of Bethlehem dispels the darkness. In the distance, as if in prophecy, is heard the old German carol "Holy Night,"

The Heavenly Host appears, and an angel proclaims the birth of the Savior. This is followed by a burst of harmony from the Angelic Choir.

Again, in the distance is heard the old carol. Then the shepherds begin their march to the manger, and all heaven and earth unite in adoration. "Oh Come Ye Faithful,"

Night settles again on the "Little Town of Bethlehem" and silence reigns.

Entr'acte Gavotte from Mignon. A. Thomas

Pilgrim's Chorus. Wagner

(a) "When Shadows Gather" Charles Marshall

STUDENTS' RECITAL.

Pupils of College of Music Give a Splendid Program.

A students' recital was given on Thursday afternoon at 4:15 o'clock in Music hall at the Woman's college. The young ladies evidence some capable instruction and the various numbers were enjoyed. The program follows:

Organ Prelude and Fugue in B-flat Bach

Letta Irwin

Piano Study in A minor. Heller

Denham Harney

Piano Reigen Jensen

Zoe Rucker

Piano—Sarabande Grieg

Gavotte (From Suite, "Aus Holberg's Zeit")

Audrey Berryman

Voice—Caro Nome (from "Rigoletto") Verdi

Fern Hartsuck

Piano—Etude Melodique in A-flat Raff

Gertrude Kumble

Piano—Fräuleinchen Sinding

Edith Hillerby

Piano—Rhapsodie in G minor, Op. 79, No. 2 Brahms

Ruth Mitlocks

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it

must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough has gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cod's livers added by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Lee P. Alcott, druggist, Jacksonville, Ill.

P. S.—If you have any skin trouble try Saxo Salve. We guarantee it.

C. F. Strang of Murrayville was a business caller in the city yesterday.

Steam Heated Garage

Our Garage is now in truth MODERN in every respect. It is steam heated in every department. A uniform heat will keep your car in perfect condition through the storage season.

D. ESTAQUE, Prop.

Modern Garage
West Court St.

Your Credit is Good

This sounds like an "ad" for a clothing store, but it isn't. However, it concerns a commodity that is just as important to every person in Jacksonville as clothing or any other necessity.

Wer'e talking about GAS and ELECTRICITY.

We don't desire to tell you about the many advantages of gas and electricity, but we do want to tell you how you can have your house piped or wired for gas, or electricity and never feel it.

Easiest Thing You Know

That's what it is, as observe the following plan:

We will pipe or wire your house RIGHT NOW and allow you twelve months in which to pay for the service. Also, we will do the work at cost price. Phone us at No. Ill. 580: Bell 332 or call and we will be glad to give further details.

DO IT NOW! PAY LATER

Jacksonville Railway & Light Co.

Notice to Poultry Raisers

We are now manufacturing, under state license, the best brand of chicken food on the market, known as "SUPREME CHICKEN FOOD." This food is far superior to any brand of chicken food on the market today. It is guaranteed under the Pure Food & Drugs Act, June 30, 1906, serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT 6 to 8 per cent.
PROTEIN 22 to 24 per cent.
FIBRE 7 to 9 per cent.

WHAT IS "SUPREME CHICKEN FOOD?"

It is a combination food consisting of meat scrap, steamed bone grit and a small percentage of clam shell grit; all clean and in a uniform size, and can be fed to large and small fowls. "SUPREME CHICKEN FOOD" is guaranteed to make your hens lay. It is the only ideal food for fall and winter use. Put up in 50 and 100 pound bags.

Price per 50 pound bag \$1.50

Price per 100 pound bag \$3.00

We are also manufacturing, under state license, the best brand of hog food on the market, known as "SURE FATTEN HOG FOOD." It is far superior to any brand of hog food on the market today. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT 10 to 14 per cent.
CRUDE PROTEIN 52.50 to 60 per cent.
CRUDE FIBRE 1 to 3 per cent.
PHOSPHATE 10 to 12 per cent.

WHAT IS "SURE FATTEN HOG FOOD" TANKAGE?

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil-meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations. It is packed in one-hundred-pound burlap sacks, plainly marked "SURE FATTEN HOG FOOD." Analysis as above. It is the ideal feed to balance rations.

WHAT "SURE FATTEN HOG FOOD" TANKAGE DOES.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby saving one-third of the feed bill, one-third of the labor, one-third of the risk, increasing profits one-third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. "SURE FATTEN HOG FOOD" Tankage fed hogs ship well with small shrink. While in saws a medicine, it so fortifies and strengthens the system against attacks of disease germs that "SURE FATTEN HOG FOOD" TANKAGE fed hogs are universally healthy. Manufactured by the

Stop and Consider Before Buying a Piano!

Mr. Prospective Piano Buyer

We call your attention to the plainly legitimate fact of why we are conducting A PIANO SALE. You no doubt know by this time that the French & Sons Piano Company, with one of the largest factories in the middle west, at Newcastle, Ind., as well as having the honor of having some of the largest retail stores in nearly every state in the union, have purchased the large stock of pianos, as well as lease and fixtures, of the W. T. Brown Piano Company. In buying this stock of Pianos our intention was, and now is, to close out the stock of Pianos of the W. T. Brown Co. within the next 30 days in order to get floor space for our own strong factory line of Pianos, which today are recognized by the musical world as being one of the strongest lines of Pianos on the market.

We ask you, Mr. Piano Buyer, we want you to consider our proposition. We haven't shipped into Jacksonville a lot of junk and are not trying to deceive you by fictitious \$98 prices on would-be standard made Pianos. We are absolutely offering you a line of Pianos that the W. T. Brown Piano Co. have handled for years and have built their reputation on, at exceedingly low prices and terms. Every Piano guaranteed to be as represented or money refunded.

See Us Before Buying!

MAKING SURVEYS AT

NEW STATE PARK

More Land Is To Be Secured For Starved Rock Tract.

First Assistant Engineer Johnson of the state highway department is engaged at the present time in making property surveys at the Starved Rock State park. He is being assisted by Raymond Bradford and George Hemmerle of Ottawa and B. Gostomski of La Salle.

After this work is completed the survey for new sewers, drainage and roads will be started and as soon as the necessary data has been obtained a meeting is to be held with the commissioners of Deer Park township relative to the road from the Deer Park bridge to the Utica hill. This is the first stretch of road in the county to be improved under the Tice law.

The state park commission will hold a meeting soon to take up the matter of letting contracts for new toilets, sewers and general repairs. The new member of the state park commission is Thomas Cahill, of Ladd, who was appointed to succeed the late Rev. D. L. Crowe. The commission is negotiating for the balance of the land in the reservation and expects to be able to close up with the twelve different owners without resort to the courts.

One of the plans under consideration for improving the park is to use the state dredge in excavating the lakes and shore line and reducing the levels a couple of feet. Another plan under consideration for road improvement is to ship crushed rock through the park by boat over the Illinois and Michigan canal. Warden Allen of Joliet has consented to furnish the rock for the state park when ever it is needed.

A guaranteed watch given free with each boy's suit at Garland & Co.

HONORS FOR NOTED SURGEONS.

Chicago, Nov. 13.—More than 1,000 prominent surgeons of the United States and Canada today received degrees at the first convocation of the newly constituted American College of Surgeons. The degrees were presented by Sir Rickman Godlee, president of the British Royal College of Surgeons, who also delivered the oration of the day. Among the recipients of the honors were Charles F. Stokes, surgeon general of the United States navy; George H. Torney, surgeon general of the United States army, and Rupert Blue, surgeon general of the public health service of the United States.

The American College of Surgeons was organized at a national medical congress held last May in Washington, D. C., along the lines of the British Royal College of Surgeons, "to elevate the standard of surgery on the American continent." It is not a school of surgery, but an association embracing the leading surgeons of the United States and Canada. Dr. J. M. T. Finny of Baltimore is president of the organization.

DAIRY BUILDING.

Ex-Gov. W. D. Hoard of Wisconsin Has Seen Much of It—Farms Transformed—Men Made Honest and Free Through Knowledge of the Cow.

I have been somewhat of a builder in my life. I have tried to do what I could to build up knowledge in the hearts of men concerning dairying. I have seen about forty years of steady service in that field. I have seen men, through the inspiration and teaching concerning the cow, changed from dotish, unthinking exploiters of soil and cattle to wide awake, earnest students of the mysteries of this true and real form of godliness. I have seen farms transformed from shabbiness to chaity, from abodes of indifference and ignorance of the laws of animal and plant life, to living exponents of a rarer, sweeter and nobler civilization.

Everywhere a Growth of Thought. But, everywhere that his occurred did I see warring with it a growth of thought, of brain, of comprehension, the result of study and a noble resolve to know the truth that shall make them free.

Another thing I noticed was a growth in honesty, plain old fashioned simple honesty. As a dairy farmer grows to better estate, he sees the necessity of being honest with his soil. He must recognize its claims. He must be honest with his cows. They too, have claims. He must respect thought, knowledge and labor that is required to obtain comprehension.

I want to see the farmers of this land filled with a desire and purpose to be as big mentally as anybody; as big in comprehension as are the problems that lie before them.

There is only one road to this consummation. The farmer must take hold of this problem of building up the country school, his school, the only school 95 per cent of all farmers of the land have ever had. They are today what that school has made them. A basis for the broadest of education, agriculture stands without a peer.

Must Work With the Farm Boys.

If we do anything to conserve the resources of our country, we must work with the farm boys, the farmer that is to be. His home school must teach him the elements of agriculture, just as the elements of mathematics, language and history are taught. His father came up ignorant of the meaning of the terms that are used in agricultural chemistry so whenever he read them they were as a dead language to him. Did the state do its duty to the father? No! It barred him out from understanding the literature of his calling.

Yet millions of dollars are spent on universities, colleges and secondary schools, for the education and mental enfranchisement of people in towns and cities, and the country school is not as virile and vigorous an educator as it was forty years ago. How can the farmer lay hold on knowledge? How can he stand up abreast of other classes in society

unless he can have some fair chance of education in his youth as other men have? Right here lies the crux of this whole matter.—Ex-Gov. W. D. Hoard in an address to Illinois farmers' Institute.

NATIONAL CANADIAN Y. W. C. A.

Winnipeg, Man., Nov. 13.—Nearly all the principal Young Women's Christian associations in the dominion and many other women's clubs and organizations throughout Canada are represented by delegates at the triennial convention of the National Canadian Young Women's Christian association which opened here today to remain in session until next Tuesday. The questions to be discussed at the convention touch on the educational, administrative, religious and social phases of the Y. W. C. A. activity. The boarding house question will be one of the most important subjects, with girls' social clubs coming next in importance. Discussion as to work for the Y. W. C. A. among high school and college girls will also come up, together with foreign work in Japan, India and China. Among the eminent speakers who will address the convention will be Prof. Graham Taylor of Chicago, head of the school of civics, and Miss L. Holmquist of New York, one of the leading secretaries in Y. W. C. A. work in this part of the world.

PROTECTION OF CHILDREN.

Lawrence, Kas., Nov. 13.—The reform of the existing laws of Kansas, so as to better protect the children in this state, will be the leading subject of consideration and discussion by leading speakers at the annual joint session of the Kansas Conference of Charities and Corrections, the Institute of Criminal Law and Criminology and the Probate Judges' association, which met here today at the invitation of the University of Kansas and will remain in session at the campus for three days. An unusually interesting program has been arranged for the joint meetings.

RHEUMA WILL STOP URIC ACID DEPOSIT

Rheumatic Complications Checked and the "Human Sewers" Restored.

The Kidneys, Bowels and Skin are the "human sewers" which carry off the impurities in the blood. When these are clogged with uric acid sediment lodges in the muscles and joints and Rheumatism follows. RHEUMA, the great remedy for all forms of the terrible disease, checks the deposit of uric acid.

"I suffered from Rheumatism for six years. Tried different doctors, with no relief. I have taken three bottles of RHEUMA and am entirely free from the disease."—P. W. Miller, Catawissa, Pa.

You money will be returned if it fails; 50 cents a bottle. All druggists.

SOME OFF-SIDE CHUTES.

Some of the Jacksonville boxing
fans yesterday were inclined to be-
lieve that the Journal did not go far
enough in tearing up Eddie Grauey's
galaxy of fictitious stars. This column
carried the argument as far as was
necessary to refute the /Grauey
claims. It was not the intention to
write a history of the game from the
time that Dan Donnelly at the Cur-
rah of Kildare put over the hay-
maker to the jaw of Baker, the
champion of England, down to the
present time. Grauey, like a majori-
ty of California's native sons, is
one-sided in all of his views, be-
cause views of a sporting nature or
otherwise. Any one hailing from
outside the Golden Gate or from a
distance to Sutro Heights cannot be
correct in anything to these lovers of
steamed beer and sizzling clam
juice. Some time in the future the
writer will attempt to satisfy the ap-
petite of Jacksonville fans and will
give a synopsis of the careers of
their favorites—John Morrissey (the
congressman), Yankee Sullivan, John
C. Heenan, Tom Heyer, Tom Allen,
Mike McCool, Jem Mace, Charley
Gallagher, Joe and Mike Coburn,
Jimmy Carroll, Frank Erne, Jimmy
Gallagher and other stars of a ge-
neration now numbered among the
"also rans."

Garry Herrmann has peeled his
coat and has tossed his hat into the
ring. Tomorrow he will be prepared
to roll up his sleeves and sail in. He
has declared himself upon the play-
ers' demands and upon the status of
the Federal league, and says if war
is to be declared he is ready to go
to the front—maybe. Billingsgate
hurled at the president of the play-
ers' fraternity is not going to get
Garry any place except into deep wa-
ter, and when he hits the slough he
will be more than anxious to back up.
There is much bluster and cheap fire-
works in the Herrmann make-up and
very little solid shot.

The Federal league continues to
move along with swiftness in shap-
ing up for the 1914 campaign. The
promoters appear to be well supplied
with money and are grabbing off the
best of the baseball talent to lead
the various clubs. Baltimore will
have Ed Hanlon, renowned as the
leader of pennant winners in Balti-
more and Brooklyn as well as being
the developer of Muzzy McGraw,
Billy Keeler, Joe Kelley and other
stars. J. E. Krause, a leading mer-
chant of Indianapolis, will guide the
destinies of the team representing the
Hoosier capital, and John B. Barbour,
vice president of the chamber of
commerce, is president of the Pitts-
burgh team.

The outlook for the running turf
is becoming brighter every day.
When Tammany hall was dynamited
at the last election one of the great-
est handicaps to the sport of kings in
the east was removed—to remain re-
mover for four years at least—and
horsemen have become greatly en-
couraged. James B. Haggin, the
noted financier, has again entered
the field, and at the sale of thorough-
breds now going on at Lexington,
Ky., he purchased Ballot, paying
\$50,000 for the stallion. Ballot was
one of the best colts ever raced by
the late James R. Keene, and before
being retired to the stud had earned
for its owner upwards of \$250,000
in purses. Mr. Haggin also bought
Barney Schreiber's old campaigner,
Sain, an imported stallion, for
\$5,000. Both horses will be placed
at Elmdorf stud near Lexington,
where Mr. Haggin will resume breed-
ing upon his former great scale.

If the betting on the curb in Wall
street, New York, is to be taken as
a straw whirled in the wind, Yale's
football squad will save time, money
and many bruises by remaining in
the Elm City tomorrow and allowing
the scheduled game to go to the
Tigers on a forfeit. The bulls and
the bears are laying \$10 to \$7
against their chances with Prince-
ton.

Coach Williams is having his
troubles with the Gopher squad. The
erudite doctor has a team which is
well supplied with the beefy quali-
ties, and also one with an over-
abundance of bone. Wednesday after-
noon he was compelled to "read the
riot act" to his charges who seemed
incapable of remembering the sig-
nals and "inside" dope after getting
into action. His team is made up
largely of individual performers who
care nothing for a unified machine.

Ruric Templeton, the Olympic
high and broad jumper, hurdler and
pole vaulter, accompanied the Ameri-
can athletic team on the Australian
trip Wednesday. The students of
Stamford university had planned to
kidnap him to prevent his services
might not be lost to the college, and
the management of the tour was
forced to smuggle him on board the
liner out in San Francisco bay from
a launch.

CHICAGO WHITE SOX WIN.
Oakland, Cal., Nov. 13.—The New
York National league pennant win-
ners lost to the Chicago White Sox
by 5 to 2 here today.

Wiltse and Russell were the oppos-
ing pitchers. Jim Thorpe, the fa-
mous Indian athlete with McGraw's
team was given a chance to warm in
right field, replacing Mike Donlin.

Chicago . . . 100 000 400—5 11 2
New York . . . 000 000 101—2 7 4
Russell and Schalk; Wiltse and
Meyers.

A REVOLUTIONARY MUSKET.
In the window of the Farmers'
Bank and Trust company is an old
time flint lock musket captured by
minute men from the British at Con-
cord. It is the property of Charles
Walker and has been in his family
for many years and is highly prized
by him. The old flint in the hammer
is seemingly as good as ever and
strikes fire every time it is tried.

**PROGRAM FOR
DEDICATION**

**FRANKLIN M. E. CHURCH IS
READY FOR OCCUPANCY.**

**New Building Will Set Aside for
Worship Next Sunday With Ser-
mon by Bishop William A. Quayle**
—Other Programs in Connection
With Dedication Work.

As has formerly been mentioned
in the Journal the dedication of the
beautiful new Methodist church in
Franklin will take place next Sun-
day morning, the dedication sermon
being preached by Bishop William A.
Quayle. The church is built on the
latest plans, drawn by Clarence W.
Buckingham and the builder was
Charles E. Seymour. In connection
with the regular dedication services
other programs will be given. On
Saturday evening a lecture will be
given by Bishop W. A. Quayle on
the subject "Abraham Lincoln." The
lecture will be preceded by a piano
solo by Miss Lucile Olinger. The ad-
mission to the lecture will be fifty
cents and for children under twelve
years of age twenty-five cents.

The program includes some of the
best speakers and musicians of the
country and the dedicatory organ

Benediction—Rev. Charles Wehr-
man, Chatham, Ill.
The Organ Postlude.
Public Worship.
Monday p. m., 7:30 o'clock.
Sermon, "The Uplifted Cross"—
Dr. H. M. Hamill, Nashville, Tenn.
Fellowship Banquet.
The fellowship banquet will be
Tuesday evening at 7:30 o'clock.
All members and friends of the
church invited. Prof. L. Roy Bran-
om will act as toastmaster.

Looking Backward.
The Church of Yesterday—Dr. H.
M. Hamill, 1885-88; Charles Wehr-
man, pastor 1889-91.

Looking About Us.
The Church of Today—M. M.
Want, pastor 1897-1900; W. H. Mc-
Ghee, pastor 1891-95.

**Male Quartette "Beautiful Threads
of Gold"**—Messrs. Seymour, Branom,
Olinger and Eador.

Looking Forward.
The Church of Tomorrow—Peter
Kittel, pastor.

The Sunday School—Edward F.
Seymour, Superintendent.

The Epworth League—Elgin D.
Olinger, president.

The Ladies' Aid Society—Miss
May Boulware, president.

The Woman's Foreign Missionary
Society—Mrs. Jennie Burch, presi-
dent.

Public Worship.
Wednesday, p. m., 7:30 o'clock.
Sermon, "The Glory of the Church"
—Rev. William H. McGhee, Nokomis,
Ill.

STUDENTS' RECITAL.

**Pupils of College of Music Give a
Splendid Program.**

A students' recital was given on
Thursday afternoon at 4:15 o'clock
in Music hall at the Woman's col-
lege. The young ladies evidence
some capable instruction and the
various numbers were enjoyed. The
program follows:

Organ Prelude and Fugue in B-
flat Letta Irwin
Piano Study in A minor Heller
Denham Harney

Piano Reigen Jensen
Zoe Rucker

Piano—Sarabande Grieg
Gavotte Gertrude Kumle
(From Suite, "Aus Holberg's Zeit")
Audrey Berryman

Voice—Caro Nome (from "Rigo-
letto") Verdi
Fern Hartsuck

Piano—Etude Melodique in A-flat
Gertrude Kumle

Piano—Frühlingsrhapsodie Sinding
Edith Hillerby

Piano—Rhapsodie in G minor, Op.
79, No. 2 Brahms
Ruth Mattlocks

AFTER COUGHING TWO YEARS
Waycross, Ga., Woman Found Re-
lief In Vinol.

Did you ever cough for a week?
Then just think how distressing it

Recital will be given Friday evening
at 7:30 o'clock by Miss L. Myrtle
Larimore, organist of this city as-
sisted by Miss Helen Jones, vocalist,
a student at the Woman's college.
Dr. Joseph R. Harker and Rev. F. A.
McCarthy of this city will also take
part in the services. The public is
cordially invited to attend all the
exercises dedication week and the
event promises to be a red letter
day in the history of the Methodist
Episcopal church of Franklin. Rev.
Peter Kittel is the pastor and he and
the various committees have been
working hard to make the event
memorable.

The following is the program:

Dedication Services.
Sunday a. m., 10 o'clock.

The Organ Prelude—Miss Mattie
Deatherage, Waverly, Ill., Organist.

Kettle, Franklin, Ill.

Anthem, "Praise Jehovah"—The
Choir.

The Scripture Lesson—Rev. W. H.
McGhee, Nokomis, Ill.

Solo, "The Lord is My Light,"
(Francis Alliston)—Miss Ina C. Ber-
ryman.

Praise Service—Addresses by Visit-
ing Pastors.

Communion Service—Conducted
by Bishop Quayle.

Hymn No. 141, "When I Survey
the Wondrous Cross"—The Congre-
gation standing.

Dedicatory Organ Recital.

Friday evening, 7:30 o'clock.

Miss L. Myrtle Larimore, Organ-
ist, Jacksonville, Ill. Assisted by
Miss Helen Jones, Vocalist, Jackson-
ville, Ill.

Sonata No. 1 (Mendelssohn) Al-
legro moderato, Adagio, Andante,
Allegro assai vivace.

"Venetian Song" (Paolo Posti)—
Miss Jones.

The Holy Night Buck

The opening of the piece suggests
the darkness of night, but it is the
"Holy Night," and the Star of Beth-
lehem dispels the darkness. In the
distance, as if in prophecy, is heard
the old German carol "Holy Night,"
and an angel proclaims the birth of
the Savior. This is followed by a burst
of harmony from the Angelic Choir.
Again, in the distance is heard the
old carol. Then the shepherds be-
gin their march to the manger, and
all heaven and earth unite in adora-
tion. "On Come Ye Faithful!"
Night settles again on the "Little
Town of Bethlehem" and silence
reigns.

Entr'acte Gavotte from Mignon A. Thomas

Pilgrim's Chorus Wagner

(a) "When Shadows Gather" Charles Marshall

(b) "A Little Pink Rose" Carrie Jacobs Bond

(c) "Rockin' in de Wind" W. H. Niedlinger

"A Summer Night" Goring Thomas

Miss Jones

Andantino in D Flat Lemare

Grande Offertoire Batiste

The Organ Recital is given for the
benefit of the Organ Fund. Admis-
sion 25 cents.

Church Organization.

The following is the church or-
ganization:

Church Trustees—Alexander Van
Winkle, Hardin G. Keplinger, Wes-
ley S. Cross, Martin A. VanWinkle,
Charles W. Olinger, William C. Cal-
houn, Francis T. Miller, Newton
Woods, Maurice B. Keplinger.

Prisonage Trustees—Jacob B.
Perkins, James P. Woods, William
H. Brewer, James L. Seymour, J.
Ory Rolston, Mrs. Ida Miller, Wil-
liam E. Douglass.

Stewards—Wesley S. Cross, Geo.
E. Brown, Mrs. Anna E. Brewer,
Miss Edith Thursty, Miss May Boul-
ware, J. Ory Rolston, Arthur L. Van
Winkle, Francis T. Miller, district
steward; Miss Isola Brewer, record-
ing steward.

Ushers for Dedication Week—Geo.
E. Brown, Charles W. Olinger, J. Ory
Rolston, William E. Douglass, J. Mil-
ler Keplinger, Lester Gray, Arthur
L. Van Winkle.

The Building Committee—John
B. Burch, Dr. Jacob B. Perkins,
James P. Woods, George E. Brown,
Maurice B. Keplinger.

The Finance Committee—Hardin
G. Keplinger, Charles W. Olinger,
William E. Douglass, Francis T. Mil-
ler, James Bond.

The sincere thanks of the church
is tendered to all who have labored
on the building, contributed to their
time and means, and to those who
have so generously assisted in the
program of the week.

MATT STARR POST.

Stated meeting, Matt Starr post
tonight, 7:30 p. m. Good attendance
requested. Regular business will be
transacted.

W. H. JORDAN, Com.

must be to have a cough hang on for
two years.

Mrs. D. A. McGee, Waycross, Ga.,
says: "I had a very heavy cold
which settled into a chronic cough
which kept me awake nights for fully
two years, and felt tired all the time
The effect of taking your cod liver
and iron remedy, Vinol, is that my
cough has gone. I can now get a good
night's rest and I feel much stronger
in every way. I am 74 years old."

It is the combined action of the
medicinal elements of the cod's liv-
ers aided by the blood-making and
strength-creating properties of tonic
iron which makes Vinol so efficient
for chronic coughs and colds and bron-
chitis—at the same time building up
the weakened, run-down system.

Try a bottle of Vinol with the un-
derstanding that your money will be
returned if it does not help you. Lee
P. S.—If you have any skin trouble
try Saxe Salve. We guarantee it.

C. F. Strang of Murrayville was
a business caller in the city yester-
day.

Your Credit is Good

This sounds like an "ad" for a clothing
store, but it isn't. However, it concerns a
commodity that is just as important to every
person in Jacksonville as clothing or any
other necessity.

Wer'e talking about GAS and ELECTRIC-
ITY.

We don't desire to tell you about the
many advantages of gas and electricity, but
we do want to tell you how you can have
your house piped or wired for gas, or elec-
tricity and never feel it.

Easiest Thing You Know

That's what it is, as observe the follow-
ing plan:

We will pipe or wire your house RIGHT
NOW and allow you twelve months in which
to pay for the service. Also, we will do the
work at cost price. Phone us at No. Ill.
580: Bell 332 or call and we will be glad to
give further details.

DO IT NOW! PAY LATER

Jacksonville Railway & Light Co.

Notice to Poultry Raisers

We are now manufacturing, under state license, the best brand of
chicken food on the market, known as "SUPREME CHICKEN FOOD." This
food is far superior to any brand of chicken food on the mar-
ket today. It is guaranteed under the Pure Food & Drugs Act, June
30, 1906, serial No. 47673. Guaranteed analysis as follows:

CRUDE FAT 6 to 8 per cent.
PROTEIN 22 to 24 per cent.
FIBRE 7 to 9 per cent.

WHAT IS "SUPREME CHICKEN FOOD?"

It is a combination food consisting of meat scrap, steamed bone
grit and a small percentage of clam shell grit; all clean and in a uni-
form size, and can be fed to large and small fowls. "SUPREME
CHICKEN FOOD" is guaranteed to make your hens lay. It is the only
ideal food for fall and winter use. Put up in 50 and 100 pound bags.

Price per 50 pound bag \$1.50
Price per 100 pound bag \$3.00

We are also manufacturing, under state license, the best brand of
hog food on the market, known as "SURE FATTEN HOG FOOD." It is
far superior to any brand of hog food on the market today. It is guar-
anteed under the Pure Food and Drugs Act, June 30th, 1906, Serial
No. 47673. Guaranteed analysis as follows:

CRUDE FAT 10 to 14 per cent.
CRUDE PROTEIN 52.50 to 60 per cent.
CRUDE FIBRE 1 to 3 per cent.
PHOSPHATE 10 to 12 per cent.

WHAT IS "SURE FATTEN HOG FOOD" TANKAGE?

It is a dark colored granular meal, made from meat residues, and
it supplies the protein and phosphates necessary for compounding a bal-
anced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of
bone and frame work. In the corn belt bone development is a matter of
serious consideration.

It is not a substitute for corn, but a small quantity fed in connection
with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, con-
taining twice as much protein as oil-meal and five times as much as
middlings, shorts, shipstuf, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations. It
is packed in one-hundred-pound burlap sacks, plainly marked "SURE
FATTEN HOG FOOD." Analysis as above. It is the ideal feed to bal-
ance rations.

WHAT "SURE FATTEN HOG FOOD" TANKAGE DOES.

It develops bone and muscle in young pigs and makes them grow.
It matures a hog for market in two and three months quicker than
corn alone, thereby saving one-third of the feed bill, one-third of the
labor, one-third of the risk, increasing profits one-third.

It grows better proportioned hogs, more meat, and more fat, hence
market-topper hogs. "SURE FATTEN HOG FOOD" Tankage fed hogs
ship well with small shrink. While in no wise a medicine, it so fortifies
and strengthens the system against attacks of disease germs that "SURE
FATTEN HOG FOOD" Tankage fed hogs are universally healthy. Manu-
factured by the

Stop and Consider Before Buying a Piano!

Mr. Prospective Piano Buyer

We call your attention to the plainly legitimate fact of why we are conducting A PIANO SALE. You no doubt know by this time that the French & Sons Piano Company, with one of the largest factories in the middle west, at Newcastle, Ind., as well as having the honor of having some of the largest retail stores in nearly every state in the union, have purchased the large stock of pianos, as well as lease and fixtures, of the W. T. Brown Piano Company. In buying this stock of Pianos our intention was, and now is, to close out the stock of Pianos of the W. T. Brown Co. within the next 30 days in order to get floor space for our own strong factory line of Pianos, which today are recognized by the musical world as being one of the strongest lines of Pianos on the market.

We ask you, Mr. Piano Buyer, we want you to consider our proposition. We haven't shipped into Jacksonville a lot of junk and are not trying to deceive you by fictitious \$98 prices on would-be standard made Pianos. We are absolutely offering you a line of Pianos that the W. T. Brown Piano Co. have handled for years and have built their reputation on, at exceedingly low prices and terms. Every Piano guaranteed to be as represented or money refunded.

See Us Before Buying!

French & Sons Piano Co.

Successor to W. T. Brown Piano Co., Southwest Corner Square.

MAKING SURVEYS AT

NEW STATE PARK

More Land Is To Be Secured for Starved Rock Tract.

First Assistant Engineer Johnson of the state highway department is engaged at the present time in making property surveys at the Starved Rock State park. He is being assisted by Raymond Bradford and George Hemmerle of Ottawa and B. Gostomski of La Salle.

After this work is completed the survey for new sewers, drainage and roads will be started and as soon as the necessary data has been obtained a meeting is to be held with the commissioners of Deer Park township relative to the road from the Deer Park bridge to the Utica hill. This is the first stretch of road in the county to be improved under the Tice law.

The state park commission will hold a meeting soon to take up the matter of letting contracts for new toilets, sewers and general repairs. The new member of the state park commission is Thomas Cahill of Ladd, who was appointed to succeed the late Rev. D. L. Crowe. The commission is negotiating for the balance of the land in the reservation and expects to be able to close up with the twelve different owners without resort to the courts.

One of the plans under consideration for improving the park is to use the state dredge in excavating the lakes and shore line and reducing the levels a couple of feet. Another plan under consideration for road improvement is to ship crushed rock through the park by boat over the Illinois and Michigan canal. Warden Allen of Joliet has consented to furnish the rock for the state park when ever it is needed.

A guaranteed watch given free with each boy's suit at Garland & Co.

HONORS FOR NOTED SURGEONS.

Chicago, Nov. 13.—More than 1,000 prominent surgeons of the United States and Canada today received degrees at the first convocation of the newly constituted American College of Surgeons. The degrees were presented by Sir Rickman Godlee, president of the British Royal College of Surgeons, who also delivered the oration of the day. Among the recipients of the honors were Charles P. Stokes, surgeon general of the United States navy; George H. Torney, surgeon general of the United States army, and Rupert Blue, surgeon general of the public health service of the United States.

The American College of Surgeons was organized at a national medical congress held last May in Washington, D. C., along the lines of the British Royal College of Surgeons, "to elevate the standard of surgery on the American continent." It is not a school of surgery, but an association embracing the leading surgeons of the United States and Canada. Dr. J. M. T. Flinn of Baltimore is president of the organization.

DAIRY BUILDING.

Ex-Gov. W. D. Hoard of Wisconsin Has Seen Much of It—Farms Transformed—Men Made Honest and Free Through Knowledge of the Cow.

I have been somewhat of a builder in my life. I have tried to do what I could to build up knowledge in the hearts of men concerning dairying. I have seen about forty years of steady service in that field. I have seen men, through the inspiration and teaching concerning the cow, changed from dotish, unthinking exploiters of soil and cattle to wide awake, earnest students of the mysteries of this true and real form of godliness. I have seen farms transformed from shabbiness to beauty, from abodes of indifference and ignorance of the laws of old in animal and plant life, to living exponents of a rarer, sweeter and nobler civilization.

Everywhere a Growth of Thought. But, everywhere that his occurred did I see warring with it a growth of thought, of brain, of comprehension, the result of study and a noble resolve to know the truth that shall make them free.

Another thing I noticed was a growth in honesty, plain old fashioned simple honesty. As a dairy farmer grows to better estate, he sees the necessity of being honest with his soil. He must recognize its claims. He must be honest with his cows. He must, have claims. He must respect thought, knowledge and labor that is required to obtain comprehension.

I want to see the farmers of this land filled with a desire and purpose to be as big mentally as anybody; as big in comprehension as are the problems that lie before them.

There is only one road to this consummation. The farmer must take hold of this problem of building up the country school, his school, the only school 95 per cent of all farmers of the land have ever had. They are today what that school has made them. A basis for the broadest of education, agriculture stands without a peer.

Must Work With the Farm Boys. If we do nothing to conserve the resources of our country, we must work with the farm boys, the farmer that is to be. His home school must teach him the elements of agriculture, just as the elements of mathematics, language and history are taught. His father came up ignorant of the meaning of the terms that are used in agricultural chemistry so whenever he read them they were as a dead language to him. Did the state do its duty to the father? No! It barred him out from understanding the literature of his calling.

Yet millions of dollars are spent on universities, colleges and secondary schools, for the education and mental enfranchisement of people in towns and cities, and the country school is not as virile and vigorous an educator as it was forty years ago. How can the farmer lay hold on knowledge? How can he stand up abreast of other classes in society unless he can have some fair chance of education in his youth as other men have? Right here lies the crux of this whole matter.—Ex-Gov. W. D. Hoard in an address to Illinois farmers' institute.

unless he can have some fair chance of education in his youth as other men have? Right here lies the crux of this whole matter.—Ex-Gov. W. D. Hoard in an address to Illinois farmers' institute.

NATIONAL CANADIAN Y. W. C. A.

Winnipeg, Man., Nov. 13.—Nearly all the principal Young Women's Christian associations in the dominion and many other women's clubs and organizations throughout Canada are represented by delegates at the triennial convention of the National Canadian Young Women's Christian association which opened here today to remain in session until next Tuesday. The questions to be discussed at the convention touch on the educational, administrative, religious and social phases of the Y. W. C. A. activity. The boarding house question will be one of the most important subjects, with girls' social clubs coming next in importance. Discussion as to work for the Y. W. C. A. among high school and college girls will also come up, together with foreign work in Japan, India and China. Among the eminent speakers who will address the convention will be Prof. Graham Taylor of Chicago, head of the school of civics, and Miss L. Holmquist of New York, one of the leading secretaries in Y. W. C. A. work in this part of the world.

PROTECTION OF CHILDREN.

Lawrence, Kas., Nov. 13.—The reform of the existing laws of Kansas, so as to better protect the children in this state, will be the leading subject of consideration and discussion by leading speakers at the annual joint session of the Kansas Conference of Charities and Corrections, the Institute of Criminal Law and Criminology and the Probate Judges' association, which met here today at the invitation of the University of Kansas and will remain in session at the campus for three days. An unusually interesting program has been arranged for the joint meetings.

RHEUMA WILL STOP

URIC ACID DEPOSIT

Rheumatic Complications Checked and the "Human Sewers" Restored.

The Kidneys, Bowels and Skin are the "human sewers" which carry off the impurities in the blood. When these are clogged with uric acid sediment lodges in the muscles and joints and Rheumatism follows. RHEUMA, the great remedy for all forms of the terrible disease, checks the deposit of Uric Acid.

"I suffered from Rheumatism for six years. Tried different doctors, with no relief. I have taken three bottles of RHEUMA and am entirely free from the disease."—P. W. Miller, Catawissa, Pa.

You money will be returned if it fails; 50 cents a bottle. All druggists.

L. J. Story of Alexander transacted business in the city yesterday.

Can't Help But Admire Babies

Every Woman Casts Loving Glance at the Nestling Cuddled in its Bonnet.

A woman's heart naturally responds to the charm and sweetness of a pretty child, and more so today than ever before since the advent of Mother's Friend.

This is a most wonderful external help to the muscles and tendons. It penetrates the tissues, makes them pliant to readily yield to nature's demand for expansion, so there is no longer a period of pain, discomfort, straining, nausea or other symptoms so often distressing during the anxious weeks of expectancy.

Mother's Friend prepares the system for the coming event, and its use brings comfort, rest and repose during the term. This has a most marked influence upon the baby, since it thus inherits a splendid growing system of nerves and digestive function. And particularly to young mothers is this famous remedy of inestimable value. It enables her to preserve her health and strength, and she remains a pretty mother by having avoided all the suffering and danger that would otherwise accompany such an occasion. Mother's Friend thoroughly lubricates every nerve, tendon and muscle involved and is a safe preventive for caking of the breasts.

You will find this splendid remedy on sale at all drug stores at \$1.00 a bottle, and is highly recommended for the purpose. Write Bradford Regulator Co., 134 Lamar Bldg., Atlanta, Ga., and they will mail you sealed, a very instructive book for expectant mothers.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

Strict Compliance

With your wishes is our idea of service. If you have "ideas" to be carried out in the installation of your bath room or heating equipment, come to us, and it shall be our first endeavor to incorporate your own plans and ideas in the installation.

"Pape's Cold Tablets" makes you feel fine at once—Don't stay stuffed—Take it now.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit your blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

CENTENARY OF ALLEN G. THURMAN'S BIRTH

Columbus, Ohio, Nov. 13—Veteran politicians remember the day as the centenary of the birth of the late Allen G. Thurman, Ohio's "Grand Old Roman," who, for a generation, was the leader of the Democratic party of this state and one of the great men in the United States senate for twelve years.

Allen G. Thurman was born in Lynchburg, Va., Nov. 13, 1813. In early youth he moved with his parents to Chillicothe, Ohio, where he was educated. Young Thurman was private secretary to Gov. Lucas of Ohio in 1834, and the next year was admitted to the bar. He was elected to the 29th congress and was the youngest member of that body.

After serving as chief justice of the Ohio supreme court he was the Democratic candidate for governor in 1867, but was defeated by Rutherford B. Hayes. In 1868 he was elected to the United States senate, and he became the acknowledged leader of the Democratic minority. In 1881 Mr. Thurman was succeeded in the senate by John Sherman. In 1888 he was unanimously nominated for vice president of the United States by the Democratic national convention on the ticket with Grover Cleveland. His death occurred in Columbus on December 12, 1895.

STOMACH UPSET? Mi-o-na Will Prevent Further Trouble—It Quickly and Surely Ends Indigestion and Stomach Distress.

If you have headache, coated tongue, distress after eating, heartburn, belching of gas and undigested food and that tired feeling you are suffering with dyspepsia. Now—at once—is the time to stop this distress. A delay may be serious.

Mi-o-na Stomach Tablets is the remedy. They are absolutely harmless. Get a fifty cent box today. Their action is sure, effective and immediate. Besides stopping the distress, Mi-o-na soothes the irritated walls of the stomach and strengthens the gastric glands so that they pour out their daily supply of digestive materials.

Mi-o-na surely and quickly stops stomach distress and improves and strengthens the digestive system so that what you eat is converted into nutrition and the entire system is properly nourished. Then you are well and strong.

Mi-o-na is always sold on the money back if not benefit plan. Druggists everywhere.—Adv.

LECTURES ON SEX HYGIENE ARE BARRED FROM U. S. MAILS

Speeches Delivered By Physicians To School Children In Chicago Cannot Be Sent Through the Mails.

Chicago, Nov. 13.—Lectures on sex hygiene delivered to the pupils of the public schools here may not be sent through the mails according to a ruling of the postoffice department received here today.

The lectures were delivered by some of the leading physicians of this city. The national league decided to mail copies of the speeches to the parents together with letters instructing parents how best to give their children further instructions on the subject. Copies of the doctors' lectures were submitted to the postmaster here and by him submitted to Washington. Today a ruling was received that the speeches were unmailable.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove dandruff—Real surprise for you.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cream" is used. A cloth with a little Dandierine and carefully taking one small strand at a time, this will cleanse the hair of dust, draw it through your hair, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp forever drugist or toilet counter, and just will be after a few weeks' use when all over the scalp bnh bnh m you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Dandierine from any drugist or toilet counter, and just try it.—Adv.

QUICK RELIEF

MORMON PRESIDENT'S BIRTHDAY.

Salt Lake City, Utah, Nov. 13.—The 75th birthday anniversary of President Joseph F. Smith of the Mormon church was observed today by members of his family and dignitaries of the church throughout Utah, Idaho and other states. The anniversary finds Mr. Smith strong and active. Only recently he returned from a long journey to Chicago and the east, in the course of which he presided at the dedication of several churches belonging to the sect of which he is the head.

President Smith was born in the town of Far West, Mo., in 1838. As a boy he drove an ox team in Mexico from 1846 to the Salt Lake valley. After serving a number of years as a missionary he gradually rose through the several offices of the church until he succeeded Lorenzo Snow in the presidency in 1901. Mr. Smith is the nephew of the Joseph Smith who founded the Mormon church and the cousin of Joseph Smith, who is president of the Missouri-Iowa branch, which is known as the Reorganized Church of Jesus Christ of Latter Day Saints.

A THANKSGIVING MEETING.

The Litterberry M. E. society met on Wednesday at the hospitable suburban home of Mr. and Mrs. Al Dunlap of Southeast Litterberry, with Mrs. Dunlap as hostess.

About fifty ladies were present. On entering the rooms, each guest was requested to find her seat, which had been reserved for her, the same being designated by a card bearing the lady's name. There was quite a commotion until those fifty ladies found their proper places.

Our worthy president, Mrs. M. O. Petefish, was absent, but Mrs. W. E. Rexroat very ably filled the place. We failed to see our loyal secretary, Mrs. Ellis Thompson, but Mrs. Dunlap proved herself capable on that line. The following program was rendered:

Topic—The Harvest.
Bible reading—Mrs. W. E. Rexroat.
Song.
Prayer by Mrs. W. E. Murray.
Song.
Twenty-third Psalm in Concert.

Why We Keep Thanksgiving—By Mrs. D. K. McCarty.
Governor Dunne's Message to His People—Mrs. Rexroat.
President Wilson's Proclamation—By Mrs. C. A. Beavers.
Song.

Thanksgiving Missionary Reading—Composed and read by Mrs. O. G. Dinwiddie.
Song.

Closing prayer by Mrs. J. F. Berry. There were a number of invited guests. Those from a distance were Mrs. W. H. Brown and Mrs. J. F. Berry from Jacksonville and Mrs. J. F. Hart from Dixon, Ill. Refreshments both dainty and substantial were served in three courses. Five pretty girls waited on the guests. Next meeting will be on the second Wednesday of December with Mrs. Robert Beavers. An offering of five dollars was taken.

OBJECT LESSON.

In the front window of Myers Bros' clothing store is a plat of the city with bright headed tacks showing the location of the street lamps that are still doing duty and black headed ones showing the location of the ones which have gone out of business. And the number is unpleasantly large. It also has to be admitted that the bright headed tacks indicate the location of lamps that sometimes get discouraged and quit business just at the time one is trying to find his way home in the darkness.

LONG ON SAME FARM.

Solomon Hart of Hart's Prairie was attending to business matters in the city yesterday. He says he has lived all his life on the farm on which he was born and will probably end his days there. He is a respected citizen of that part of the country.

SUFFERS PARALYTIC STROKE.

L. F. Bayless, a retired farmer residing in Concord, while playing croquet at the home of a neighbor Wednesday afternoon about 4 o'clock was stricken with paralysis and dropped to the ground. He was carried into the house and attended by Dr. Johnson and later by Dr. F. M. Roberts. From a citizen of Concord it was learned that the stroke was supposed to have affected the left side and possibly the throat as speech was somewhat indistinct. Mr. Bayless was in good health prior to his affliction.

H. C. Stewart was a Jacksonville visitor yesterday from Orleans.

Makes Things Hum on Baking Day

Calumet Baking Powder is a wonder-worker on baking day.

Wonderful for its saving of time—its satisfaction—its economy.

No more expensive baking failures, no disappointments. Calumet insures greater happiness. Its leavening qualities are greater—its results surer than any other baking powder—its cost is moderate.

YOU WANT SERVICE

As well as style in your suit or overcoat—garments that will look as well after a season's wear as they did when new.

By keeping our customers' garments pressed free we get them in our shop often and see to it that they hold up and wear well.

You'll agree with us that between \$20 and \$30 is the logical price to pay. A higher price is unnecessary. Most men have already come to realize this. Never before has the demand for Popular Price Tailoring been so great. Never has our stock been so complete, so varied, so attractive.

See the new grays, browns, pin and chalk stripes; also our complete line of blue serges and chevots.

Our \$20 chinchilla overcoats can't be beat. They are thick and warm, but light in weight. You can have them made long or short just as you want them

POULTRY CULTURE. Article XX.

Drainage—In any case the building should be placed upon a well drained foundation so that the moisture conditions will be under control. Outside the building the ground slopes away from the wall so that no surface water can flow into it. The building should have eaves troughs and conductors to carry away all roof water.

Temperature—To prevent the temperature of the room fluctuating in response to sudden or extreme changes of the weather outside, thick walls of masonry or concrete are used. If constructed of lumber the walls of the building may be double boarded and the space between the boards filled with dry sawdust, planer shavings or other cheap non-conducting material. The ceiling should be amply protected by sheathing, plastering or a loft which can be closed when necessary.

Lighting—Windows should abundantly light the interior for the sake of convenience in attending the machines. Double windows may be used to guard against extreme temperature and shutters of curtains may be provided so that the direct rays of the sun may be kept from striking the incubators during operation. They also serve for darkening the room for egg testing in the day time.

Ventilation—The windows may be opened to ventilate the room especially in mild weather. Use a board to fill space below lower opened sash and thus prevent draughts. If there is a loft above the room top ventilation may be secured by one or more openings through the ceiling into it. The ceiling may be of poles or boards several inches apart and covered with straw, hay or small pine boughs. There should be a ventilator in the roof of the loft or window ventilators at the gable ends. If these arrangements do not insure a sufficiency of pure air in the room a ventilating pipe may be run from near the floor up through the room and to the outer air. If run where the surplus heat of an incubator lamp can warm the pipe it will cause a current of air to constantly pass up through it. The exit of the pipe must be placed where strong winds will not cause a reverse current of cold air to drive down the shaft and penetrate the incubator room. Fresh air will sift in at the window and door casings or special shaft may be provided, taking in the air from near the floor and delivering it near the ceiling or the top of the room.

Furnishings—The incubators, the egg tester, a table and a chair make up the full list of furniture to be placed in the room. The main supply of oil for the lamps is best kept in a galvanized iron tank in another building or at least in a separate room. It is advantageous where practicable to have the room fitted with electric lights. Thermometers should be hung in suitable positions for use in recording the indoor and outdoor temperatures. A wet and dry bulb thermometer may be kept in the room to determine the amount of moisture in the air from time to time. To protect the building most thoroughly from any possible danger because of the lighted lamps a system of water pipes may be arranged with automatic fire extinguisher heads to be placed above the lamps. It is possible to hatch chickens in large numbers without the use of machines.—H. A. McKee, Secretary, Illinois Farmers' Institute.

LICENSED TO MARRY.

PLAN TO PUT JUVENILE HEALTH OFFICERS IN EVERY PUBLIC SCHOOL

Movement is Chief Subject Before American Association For Prevention of Infant Mortality.

Washington, Nov. 13.—Plans to further the movement to put juvenile health officers in all of the public schools of the land, will be one of the chief subjects before the American association for study and prevention of infant mortality at its fourth annual meeting which will begin here tomorrow. It is proposed to have officers in the schools qualified to teach general home sanitation and to look after sanitary conditions in the school rooms.

The meeting of the association promises to be one of the largest in its history and already many delegates from all sections of the country have arrived.

WILL NOT TEST COMPENSATION ACT NOW.
By settling the damage suit of Joseph Katchen against the Chicago, Wilmington & Vermillion Coal company in the Sangamon county circuit court, the supreme court will be deprived for some time of an opportunity to pass upon the validity of the workmen's compensation act of 1911. The defendant corporations gave the plaintiff damages in the sum of \$1,750 for the death of his son, Irwin Katchen, and the cause was stricken from the docket.

Judge Creighton, in an opinion handed down Tuesday, held the compensation act of 1911 to be invalid on the ground that it was not legally passed by the legislature. Plans for a test case were made and the record was under way. After court convened Wednesday morning attorneys came to an agreement under general law and the cause was stricken from the docket. If it is the intention of corporations to test the act, plans must be laid in another cause.

Judge Creighton, in holding the law invalid, declared that amendments to the bill had not been properly passed by the legislature. Other cases for damages involving the compensation act are on file in the courts, and it may be that the question will come up soon.

10 CENT "CASCARETS" IS YOUR LAXATIVE

Best Liver and Bowel Cleanser and Stomach Regulator in the World—Work While You Sleep.
Get a 10-cent box.
Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.
A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, constipation, indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them—Adv.

W. R. C. NOTICE.
The Woman's Relief Corps will meet Friday at 2:30 at the G. A. R. hall, West Morgan street by order of
Mrs. W. H. Jordan, Pres.
Mary E. Taylor, Press Cor.

John Atterbury of Tallula was in the city yesterday on business.

PLAYS AND PLAYERS.

Mizzi Hajos is to appear in vaudeville.

Louise Drew is appearing in musical comedy.

Rudolph Bunner is a brother of the late H. C. Bunner, editor of Puck.

"The Honey Bee" had its first presentation in Atlantic City last week.

Lal Mon Kim, the Chinese tenor, is a graduate of the University of Washington.

Grayce Scott, a favorite stock actress, has had a theatre named after her in Richmond, Va.

Rube Marquard, the baseball pitcher, will appear with his wife, Blossom Seeley, in vaudeville.

Los Angeles, Cal., is to have a "Little Theatre" in which Katherine Gray will play the leading roles.

Edward Paulson's new play, entitled "Police," has recently been given a trial in Los Angeles, Cal.

Gaby Deslys will sail the latter part of this month for this country and will open her tour in New York.

Hans Roberts is at present playing a vaudeville comedy by Edgar Allan Woolf, entitled "A Daddy by Express."

About the middle of next January Maude Adams will appear in James M. Barrie's new play, "The Adorned One."

Lilla Campbell, a niece of Mrs. Patrick Campbell, is playing one of the roles in "Disraeli" in George Arliss' company.

"Happy Fannie Fields," the noted actress, is to retire from the stage at the beginning of next year to marry a New York physician.

Minnie Dupree is soon to be seen in vaudeville, under the direction of Joe Hart, playing Ethel Barrymore's one act piece, "Carrots."

Eden Phillpott's play of village life in Dartmoor, "The Shadow," was acted in London on a recent evening, and the reviewers received it with praise.

A son was born the other day in Detroit to Mrs. Arthur Houghton. The statement ought not to be uninteresting when it is explained that she was known in the theatre as Sallie Fisher.

The present is Sousa's 22nd American season. Although Sousa's fortune is large, he will not retire from the concert platform as long as the popular demand for his band continues.

"Macbeth has recently been acted in Japanese in Tokio for the first time. Eminent players took the chief parts in the play and the English-speaking element in the audience was hardly less impressed by the excellent performance than the native.

QUICK RELIEF FOR RHEUMATISM.
George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist—Adv.

PRIVATE SALE
During the next two weeks, the undersigned, as executors of the estate of George D. Blackburn, will offer for sale, at his late home, 3 1/2 miles north of Jacksonville, all of the chattel property of said estate including horses, cows, hogs, hay, grain and farming implements.
J. Weir Elliott,
Charles A. Johnson,
Executors.

THE TEMPERATURES.
The temperatures for Thursday, according to G. H. Hall, weather observer at Alexander, were: maximum 65, minimum 55.

MUSTEROLE Loosens Up Congestion from Colds

Just rub it briskly on the chest and throat tonight, and get the soothing relief this clear, white ointment, made with oil of mustard gives.

The old-time mustard plaster used to blister. MUSTEROLE doesn't. That's why millions are now using it with such comforting results. It breaks up a cold quicker than any mustard plaster you ever saw.

Best for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion—product is better than anything I have ever saw.

ago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25 and 50c jars, and a special large hospital size for \$2.50. Sold by druggists everywhere. Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, O., and we will mail you a jar, postage prepaid.

Miss M. Speers, Graduate Nurse St. Petersburg, Florida, says:

"I have found it excellent for everything that has anything to do with colds or rheumatic affections. I am a professional nurse and this product is better than anything I have ever saw."

LARGE NUMBER ATTEND ANNUAL BANQUET OF URANIA LODGE

Good Program of Entertainment is Given, Including Two Excellent Addresses.

Urania lodge No. 243, I. O. O. F., held its thirteenth annual entertainment and banquet Thursday evening in the hall on West State street which was attended by a large crowd of Odd Fellows and invited friends. This event is one that is always looked forward to with much interest by the members and guests and is a time when occasion is taken to bring before visitors the real benefits of Odd Fellowship.

That the event was a success goes without saying and the large audience gave the different persons appearing on the program hearty applause, nearly all of them being recalled for a second number. Two addresses were given, one by State Attorney Robert Tilton and the other by Orin E. Tandy. Both were appropriate to the occasion and were well received.

Following the program the members were invited to the banquet hall where an excellent menu, consisting of oyster cocktail, celery, pickles, olives, oyster soup, ice cream, assorted cake, coffee and cigars, was served. The banquet hall was very prettily decorated with American and Odd Fellow flags, and the chandeliers were covered with red crepe paper. On the tables were vases of roses and fern leaves and the entire hall presented a very pleasing effect. After the banquet a smoker was enjoyed. About twenty-five applications were signed at the meeting and the candidates will receive the work about the first of the year.

The program follows:
Music—Charles Sheppard.
Opening ode and invocation.
Selection—Quartet.
Declamation—Floyd Williamson.
Vocal solo—Miss Rebecca Schell.

Address, "Odd Fellowship"—Robert Tilton.
Cornet solo—William DeBoalt.
Selection—Quartet.
Reading—Miss Esther Spoons.
Violin and piano number—Prof. W. E. Kitch.
Miss Carrie Dunlap and Dean Cochran.

Vocal solo—William Kirby.
Address, "Fraternalism and Urania"—Orin E. Tandy.

Garland & Co. are showing something new in Overcoats. Let us show you.

REPORT THAT REV. W. A. GARDNER IS IN THE CITY
Story Gains Circulation Thursday Night—Cannot Be Located at Either of Hotels.

A story was in circulation Thursday night that Rev. W. A. Gardner was in the city, but he could not be located at either of the hotels and further inquiry failed to establish the fact that he was here.

Rev. W. A. Gardner, it will be remembered, managed the campaign for the Jacksonville Business Men's Protective Association in the recent contest and on election day he was summoned to appear before the grand jury because of statements made in advertising in regard to alleged local conditions. Sheriff Rodgers received a letter from Mr. Gardner from Chicago stating that he would come to Jacksonville and appear before the grand jury providing the county would bear his expenses.

WANTED FOR BOOTLEGGING
John Dunn, a white man, was arrested yesterday by Chief of Police Davis and will be turned over to the federal authorities. Dunn is under indictment for selling liquor in anti-labor territory and as this is his third offense, he is likely to get some what extended sentence. Dunn has been away from Jacksonville for months but the police had been keeping a sharp lookout for him and as Chief Davis was passing through an alley yesterday his eye happened to light on the culprit.

OVER HALF AMOUNT RAISED.
New York, Nov. 13.—The volunteer committee of twelve engaged in a two weeks' campaign to raise \$4,000,000 for the Young Men's and Young Women's Christian association today announced contributions amounting to \$94,747. The total contributed for the first four days of the campaign is \$2,174,524.

Offers many choice bargains in broken lots.

MORTUARY

Fry.
Word has been received in this city of the recent death of Edward Fry of Grand Rapids, Mich. He suffered an attack of acute indigestion and passed away within half an hour.

Mr. Fry was the son of the late D. C. Fry, so long a respected resident of this city. He was assistant clerk at the insane hospital for years until the advent of the Algeid regime. Some years ago he went to Grand Rapids and engaged in business and accumulated a competence and retired a few years ago. He leaves a wife and two children. His sister, Hattie, is married and lives in Parsons, Kansas and has two children.

Lyons.

The funeral of Mrs. Laura Lyons was held Thursday morning at 10 o'clock from the Church of Our Savior, Rev. Father Formaz celebrating mass. Burial was made in Diamond Grove cemetery and the bearers were Fred Kumble, Clarence Lukeman, James Luby, Albert Spires, George Spires and Fred Luby.

Special convocation of Jacksonville Chapter No. 3, R. A. M., this evening, at 7:30 for work in the R. A. degree.

John R. Phillips, Sec'y.

COMMISSION HOLDS PRESENT FREIGHT RATES REASONABLE

Refuses Application of Chicago, Milwaukee & St. Paul R. R. to Increase Freight Rates.

Washington, Nov. 13.—Present freight rates on grain maintained by the Chicago, Milwaukee & St. Paul railroad in Iowa were held by the interstate commerce commission today to be reasonable.

The commission refused the application of the road to increase the rates approximately ten per cent.

A charge of 50 cents a car by railroads for switching cars to private scales unless the weights so ascertained are to be used for assessment of freight charges was held to be lawful.

A Night of Terror.
Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers.—Adv.

MATRIMONIAL

Lovell-Fanning.

The marriage of Mr. Joseph Lovell to Miss Ethel Fanning took place last night at the residence of Dr. A. B. Morey who officiated. The groom is the son of Mr. and Mrs. Laurell Lovell and the bride is the daughter of Mr. and Mrs. John Fanning. Both young people are highly respected. They will make their home on a farm four miles southeast of the city.

Special train to Beardstown football game. Leave Saturday, 1 p. m. \$1.00 round trip.

EIGHT KILLED WHEN COACHES DASH DOWN EMBANKMENT

Three Coaches of Central of Georgia Train Leave Track Injuring More Than a Hundred.

Clayton, Ala., Nov. 13.—Eight persons were killed and more than a hundred injured today when three coaches of a Central of Georgia five coach passenger train were derailed near here. Several of the injured are believed to be fatally hurt.

As the train circled a curve the three rear coaches left the rails and were dashed down a steep embankment. Two of the coaches were nearly demolished. All the victims lived in towns in this vicinity.

PLANS SUBMITTED BY PLAYERS ARE NOT DISCUSSED

Omaha Is Selected as Next Meeting Place of Association of Baseball Leagues

Columbus, O., Nov. 13.—Omaha was selected as the next meeting place at the final session of the annual convention of the annual association of Professional Baseball Leagues here today.

There was no discussion today of the demands submitted by the baseball players' fraternity. The report of the contract committee that it would be impossible to have uniform contracts for all leagues which are parties to the national agreement was adopted.

One change made in the association's constitution allows Class AA leagues to adopt special forms of contracts. This opens up a way for the contracts of class AA leagues to be made uniform with those used by the major leagues.

FOOTBALL NOTES.

Despite the bad afternoon Coach Harmon had his eleven out practicing for the game Saturday against Lombard. There is much speculation over the contest and the Lombard team is practically an unknown quantity here as to their ability. Coach Harmon is not going to take any chances against losing from Lombard and he expects to give them a hard fought battle. This is a critical time in Illinois' race. By winning from Lombard and Shurtleff, the squad will be in a splendid shape to wind up the season on Turkey day against Williams and Vashit on the enemy's own field.

Following on the disposal of Coach Mountjoy of Lincoln college, the team held a big mass meeting Wednesday morning and several of the disgruntled men on the team returned. Beaver, center; Porter, quarterback and Buntt, half back, signified their intentions of getting in the game today against Williams and Vashit, which will be played at Lincoln. Word comes from the Lincoln camp that they are going to give W. and V. a stiff game and if the re-united squad succeeds in holding the Aledo bunch to a close score, they ought to consider themselves fortunate.

Considerable injustice is often done to a football team, when the statement is made that a certain player, or perhaps two, won a game for their school. The facts is that some man does kick a successful goal, makes a touchdown, or in some spectacular way wins enough points to throw the contest to his alma mater. But what about the men in the line who are holding at bay their opponents, while all this is going on, or the men who run such perfect interference that player is enabled to circle the end for a touchdown. In many ways every man on the team contributes something toward the victory, and that is the way it should be. There might be on a team a star player of the first magnitude, but what could he do if the team didn't rally to his support. This has often been illustrated when a team has a good man or so and there is some dissension among the squad, the folks at home wonder what the trouble was "Isn't Mr. So and So one of the best all round players in the state." One of the cardinal principles which should animate a team is, perfect team work. The player who is not willing to assist in this should be ousted and another man given his place. A man who is good enough to make the team ought to consider it an honor and in what ever position he plays should work to make it one of the strongest positions in his squad. A player certainly has "one on the coach" when he thinks his services are undisputedly needed to win a game.

Millikins hopes of winning the game Saturday from Wesleyan went up a little yesterday, when it was announced that Dunham, the star quarterback of the Wesleyan team would be out of the game for the rest of the season. He was injured in the eye in the last game against Bradley and his physician has refused to let him play. And again, Neil Callahan, is also on the sick list, but may be able to be in the game Saturday. Wesleyan expects to take down about one hundred rooters.

Over one hundred have promised to buy tickets for the special train to Beardstown Saturday to see the game between the River Rats and J. H. S. The train is an assured fact if 125 go. There is considerable speculation about the contest in Cass county and the Beardstown bunch is said to be strong on their own home field.

Declare War on Colds.
A crusade of education which aims "that common colds may be as uncommon within the next generation" has begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

"Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.—Adv.

LABOR TEMPLE IS PLACE OF EVERY DAY ACTIVITY

Permanent Custodian Now in Charge of Building—Commissary Recently Established—Five Hundred Organized Workers in Jacksonville.

Since the installation of the permanent custodian of the Labor Temple quite an agreeable atmosphere pervades the home of organized labor of Jacksonville. After a day of toil, or on Sunday, the producers of the things which make for the well being of our community are now afforded a place of rest, where they can congregate and read, enjoy a social time in various ways and collectively become educated in matters not only affecting their own callings, but matters of moral or civic import.

It is not generally known that Jacksonville can boast of a membership of 500 or upward of organized labor; this in spite of the fact that Jacksonville is not what may be termed a working-class city. These men represent almost a score of trades and callings and through their central organization, the Trades and Labor assembly, own and operate the Labor Temple on South Main street. In connection with the temple, and in charge of the custodian, is a commissary department which is conducted in the front first floor room. From this department some of the ordinary social needs of the workers or their families are provided. In this way they are trying to meet the cost of maintaining the temple, so as not to require the payment of more than a nominal per capita tax.

Being just like other people, the workers need clean linen and a movement is now on foot to establish in connection with the temple an agency for a union laundry. It is hoped to in time equip their temple with the necessary accessories which will make the temple similar to those of Quincy, Kansas City, Los Angeles and many other cities.

It is open for inspection by all, and a hearty welcome is extended to all of organized labor to partake of the hospitality and fraternal spirit which characterizes Jacksonville's labor temple.

WILL MEET IN TOLEDO.

Rock Island, Ill., Nov. 13.—The 1914 national convention of the Modern Woodmen of America today was awarded to Toledo, O., by the executive council of the society in session here. Seven other cities were bidders. The meeting, at which the rate question fight will likely be finally settled, will open on June 16.

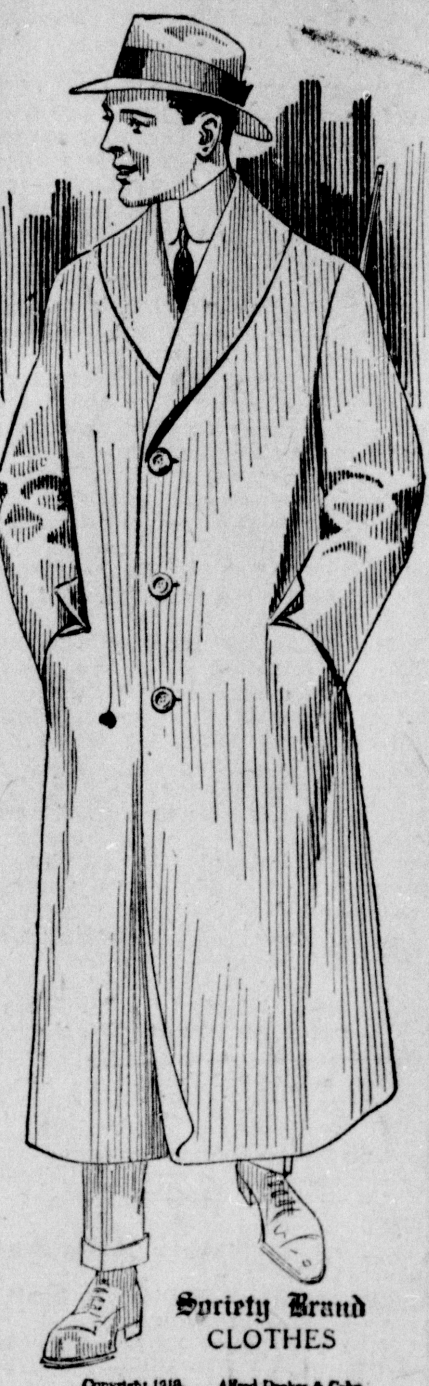

FIND LITTLE MONEY IN SAFE.
Chicago, Nov. 13.—Receivers for a private bank owned by Solomon Lewinsohn today broke open the safe where the depositors' money amounting to \$39,000 was supposed to be. The receivers found a cash total of \$5.38. Lewinsohn has not been located.
